Read with caution: still a great book, but editors have added erroneous info I won't do it again other reviewers' justified compliment because of this fascinating and encyclopedic publication. I just want to include a cautionary note: This latest edition contains added info that I believe Kloss would have vehemently disagreed with and which undermines the objective of the book. I've had a couple versions of the book for over 25 years and it has helped me get thru some major illnesses w/o having to move seek medical help. Many herbal remedies that have a secure and venerable background when used by qualified herbalists-- such as parsley, elderberry, and valerian, for example-- have already been branded "dangerous" in this fresh edition. The editors certainly succumbed to the fear-mongering FDA. It's therefore invaluable, I first bought it when I was 19 and I still use it today now that I'm 58. They are a few examples. JETHRO KLOSS: "BACK TO EDEN" I actually was first introduced to this book in the very early '70s by my NATURALIST MOTHER. Natural Medicine and Remedies Everyone should go through this book! A Book to possess! Yes, you too! Wow! I simply got this reserve today -- so don't compare me to those who have "Exhausted their copy"! This function is impressive, encompassing 886 page plus the Index! It IS this man's life's work. It really is interesting to learn forwards/prefaces by several family endorsing Jethro Kloss as they grew up with him. Read this book A hidden gem Important to me, I've several herb books, I favor this one. Five Stars Great publication. God gave us the capability to take care of ourselves naturally and this books tell you how. How many occasions do we go to a "doctor" only to get useless photos to kill all bacteria -- even if what we've is a virus? How many useless and dangerous vaccinations do we get for imagined illnesses, when what we REALLY have is too little HEALTH? I really enjoyed this book's treatment of obesity: It IS simply calories in vs. calorie consumption out -- no 'magic' formulas needed -- with just a couple of recommendations given -- terrific. I still possess 2 of the copies I've purchased over the years. I don't expect my review to obtain many likes, but I encourage everyone to get this publication. A Lifetime's function for under nine dollars? And you are hesitating? wtf? Fortune to you and your Family, and could God Bless each one of you! The earlier years are the best i. For instance, this edition advocates the use of vaccinations, chemotherapy, antibiotics, which are entirely opposed to Kloss' philosophy of normal healing without the use of drugs, that was his life's work.. Seriously? The sooner years are the best i. We've had this publication in paperback, the initial til web pages started falling out and we still have it!, the old the version the better as the Kloss family members was still involved in the publishing whereas now i'm not sure. Ordered received zero problems no worries mates. The book remains a great and ground-breaking work which has served generations of individuals well. She was SOOO keenly knowledgeable of the MEDICINAL Great things about many Herbal remedies & I've possessed the paperback for over 15yrs and however it was destroyed. This is actually the Primary "BIBLE" OF HERBS, an absolute must have if you're seriously interested in natural healing. Dont buy the kindle book, buy the paperback I treasure this book so much I wanted it on my mobile phone, but it doesnt work very well as a kindle. 3rd time buying it! This reserve has ended 900 pages long so it taked forever to find what you are looking for. If the publisher done making the index clickable and produced a more indepth clickable table of contents this ebook would be essential. It is an extremely thick book so, I definitely feel like I will get a lot of information from it. Best herbal and health book ever Probably the most informative books on natural healing and health. Love this book, back to fundamentals, it's my 3rd one because We gave them to friends that couldn't put it down! She essentially said, if you want any book about eating and recovery naturally, you need to understand this one. Because I am not used to studying herbal treatments, I knew I experienced to order this because I find that it's contents will work for someone I understand. Passionate About Normal Remedies/Foods Because I simply received this book a couple of days

ago, I've only had a chance to read a couple of pages. I am looking towards reading this book from starting to end and soaking in as much information as I can through this supply because I know it will be beneficial for myself, as well as my children. The writer appears to be extremely passionate about herbal medication and natural foods as everyday necessities. Using this as a foundation and take a few naturalists classes and your in the right path to a healthier you and can stop putting pharmaceuticals within your body with all the current dangerous and occasionally fatal unwanted effects. If the font were larger, it would be the perfect read. So far, it is quite captivating and therefore, makes me want to read it more. SPICES that a lot of people either neglect, not realizing they're MORE THAN Simply SEASONINGS, or totally disregard as having any higher health benefits. If your searching for an alternative to the poisons that pharmaceutical businesses are moving off as cures then this is actually the way to go. The only unfavorable to mention about this reserve, and the reason why I'm ranking it with 4 celebrities instead of 5, is normally that the print (font) is extremely small. Start living and healing yourself the way God intended A MUST for EVERYONE. Jethro Kloss wrote this publication many years ago. whose research on natural herbs are notorious for isolating elements out of their organic context and testing pets with far greater quantities than any human being would consume. A fabulous reserve that should be in everyone's library. Cayenne pepper could save your valuable life. Back to Eden. This is actually the book that should be in every house for folks that are really concerned in keeping them selves healthy. I've shelves filled with "Health Meals Books" -- a few of which are created just to make money -- that is not true of the book. The old, old versions which my mom had did not say "look for medical help" so I'm very skeptical about who's publishing this book now. I've read some of the Herbal products mentioned, and I wish to take up a Homestead and grow Every one of them! You cant utilize the index as the page quantities dont apply like the paper back. I ordered this publication on a high recommendation from someone who eats natural foods and uses herbal treatments. If you're looking for natural treatments, this is an excellent book Love this book! Therefore many home remedies and assistance on how best to live more natural.. It provides understanding and insight I couldn't do without and in addition makes a great gift for individuals who want to know the truth about what they're consuming, how what they consume affects their body, and far much more. "Back To Eden" has been published by the Kloss family since 1939! Just go through it with a cautious eye to separate the latest and erroneous additions from Kloss' own writings.e. This version was supposed to have recently come out in '72 nonetheless it had a 1974 chart in it. I acquired the paperback for my husband and Kindle edition for myself! Although there are no photos of the Natural herbs used here, the recipes and applications are far-reaching.
