Language of the robe: American Indian trade blankets

continue reading

From the couer: "For all Native American cultures, from the Plains and Swouthwest visitors to the tribes of the Northwest Coast, the blanket makes a visual declaration of "Indianness. Language of the Robe may be the first book to identify, classify, and present the annals of the trade blanket. Today, trade blankets are collectibles, especially those that were made prior to World War II. "The Vocabulary of the Robe explains a living custom among the Native American people."

Informative Guide Great reserve about vintage wool blankets. Great addition to Indian Library collections. Very cool pictures and illustrations recommend! This is an excellent addition to anybody thinking about American Indian Background and all the tales and meanings behind the annals of the real American Indian blanket. I am happy that We purchased this book to add to my library of reference books. Just what a great book. Great info and pictures of the blankets Five Stars Really enjoyed the book. We have more Pendleton blankets than we're able to ever need. This Book will not disappoint! That is an informative book. I have already been a collector/buyer/seller/lover of vintage and antique textiles and apparel for about 30 years right now, and I am always looking for great examples of photos and text to extend my knowledge in this arena. This publication didn't disappoint. For my 1st book on the subject of pendlton wool blankets. Many thanks for the fast shipping and delivery! BEAUTIFUL BOOK Extremely informative. We were in Arizona about a trailer trip, buying Navajo blankets. We stopped to accomplish some laundry, a Hopi girl was there washing her Pendletons. Apparently she found Pendletons more useful for everyday use. In fact, she said she had simply no Nauajo blankets. Very interesting Very interesting, displays a living history of the trade blankets thru details and personal tales. Explains how the trade blanket came into being and its importance in American Background. I'd definitely recommend it. This book has beautiful pictures of blankets perhaps we can just appreciate what we own, and stop buying. Five Stars very interesting book A must have for Pendleton owners.. A variety of blanket photos. book thank you Great book on background and meaning of American Indian Blankets.. Reference on Blankets Very informative about Indian Trade Blankets, and several main manufactures. So beneficial and interesting. Knowledge of blankets can be immense therefore helpful in the history of when and just why. Beautiful photos with descriptions and homage to Indigenous Americans.
