## The Fall of Freddie the Leaf: A Story of Life for All Ages

[continue reading](#)

This story by Leo Buscaglia is a warm, wonderfully wise and strikingly simple story about a leaf names Freddie. Nov Freddie the Leaf is usually a warm and thought-provoking story and both children and adults will be deeply touched by this inspiring book. How Freddie and his companion leaves change with the passing seasons, finally falling to the bottom with winter's snow, is an inspiring allegory illustrating the delicate balance between life and death. This 20th anniversary edition of the beloved traditional has helped thousands of people come to grips with lifestyle and death.

The book produced me love it. I first read this reserve in the late 70's. I was among a bunch of guys who sorely needed to understand how to love. A must for anyone with children, especially those who have suffered a reduction. And Isn't. SO most of us were deeply in love with our penises and the manly power we experienced while soaring in orgasm having conquered the female. I've seen him on movies, and he's the most alive, loving person I've witnessed. If any of my contemporaries survived those years then they must have learned something about real love. She discovered great ease and comfort in this publication and says that every time she views a leaf she thinks of her mother. I examine it to grandchildren when their grandpa had cancer. His students at university shared and grew. A genuine "children's reserve for all age groups", it explains the circle of life so simply, therefore beautifully, and with such warmth and tenderness. If not a lot, a little. You simply warm up, and grow. Mild way to embrace loss Great for a family experiencing a loss. And any anyone suffering from loneliness or loss. Not sure I'd give it as something special.. I often wished I possibly could meet him personally.a MUST HAVE Reserve FOR THE GENERATIONS! If I had to choose one book I possibly could not live without, perhaps the Bible initial, but this would can be found in a close second. One can't read it without changing., it provides helped me and I'm 81 years old . Great book Great book to greatly help kids understand death Nice metaphor I was looking for a reserve for a kid whose parent has been diagnosed with terminal malignancy. For me, personally, I think it really is as captivating and healing for adults, as well. A nice metaphor. The photography is certainly stunning and the story will capture the hearts of all those looking for basic, tender explanations into the intricacies of life and death. But initial, know what is love. It touches hearts of both young and outdated with the story of the inquisitive Freddie, a young leaf observing the various other leaves as they grow older and eventually fall from the tree.A perennial favorite, while I am an enormous Leo Buscalia enthusiast, I just adore this book primarily. Touching, heartfelt and sensitive As an ordained minister, There is this to be one of the most creative, sensitive and heart-felt books on the subject of life and loss of life.It doesn't really give any deep answers, and it generally does not pretend to know the meaning of life the universe and anything. I've purchased many copies of this book for others. Easy to read and understand Book collection Great book to use when faced with the loss of a loved one! A secular story that handles the inevitability of death in a sort and thoughtful method. I wish people in power got this as recommended reading. You can feel the pleasure leap from the web pages, and you'll be in love with Leo right away. We left out us trails of broken hearts, destroyed dreams, corrupted appetites, shattered lives.. A comforting story approximately change, and the times of year of our lives. A comforting story about change, and the seasons of our lives. It's extremely uplifting and hopeful.The images inside are lovely photos of trees and leaves from different seasons. It's more text message than images, nonetheless it works for this story.It was important to me to locate a way to go over death without it getting specifically religious. Several years ago, I was introduced to this book by a woman whose mom had died. The reserve gently goes through the stage of lifestyle in a way that is normally vaguely relatable to a toddler but will gain more indicating as she grows. I literally wept when reading the final page. But it does offer a comforting tale about how death is a part of existence (in as far a story about death can be comforting). It's something that stayed with me and I believe it's something everyone must read at least once She found great comfort in this book and says that each time .buy the book and examine it from cover to cover. It discusses life, loss of life, and change by using the different seasons while still staying matter-of-fact in a gentle tone. It closes out the life span cycle in a way that is not dramatic or scary but instead

can be peaceful and poetic. A must-have for each book collection. Beautiful way to capture the loss of someone you care about I received this book initial from my grandmother and go through it to my kids to them when she died just as she did with me when my great grandmothers passed away. Recently I purchased this to give to a friend whose little lady has experienced her sisters, great grandmother, and grandfather most loss of life this year . Even scanning this for the first time as an adult I came across it quite worthy... This book fulfills that need for me. Neither her mother nor Donna were users of any particular faith/belief community. Donna's mom was only 41 when she passed away. Donna had no faith based belief in what happens to a person after death. Leo Buscaglia was called "the love doctor. We gave this publication to my great grandsons when their great grandfather died, simply because my grandson and his wife didn't know very well what to say with their children approximately the death of their beloved great grandfather. It really is beneficial to all ages whenever a liked one dies. You might find it interesting that I am a coordinator/leader of a bereavement group at my church. My materials/approach there is totally faith based, while this book isn't. Sheila Bickerton This is a wonderful book and terrific tool to teach children about the ... This is a wonderful book and terrific tool to instruct children about the life cycle. The very last page, the author wrote a wonderful note... Delicate and Thoughtg Provoking We purchased The Fall of Freddie the Leaf when our toddler started asking questions about death. What a very easy thing (natural death) is I recommend this book to EVERYONE! The very, absolute best book explaining death to a child and Yes! My own version of the book is very old right now, having been study many, many times... I recently got two others, for my children and hopefully, their children. This reserve will be okay for that, but may be better for a child with a terminal illness. As he asks about what is going on, the explanations are therefore touching and easily relate to life in general. I'd utilize it in a therapy room. For "Children of All Ages". This is what life is focused on Please read this basic book, your life will never quite be the same. This is a straightforward, yet complex story about a leaf moving through the stages of life. It depicts death as another stage of existence, removing some of the fear surrounding it. I utilized this book with my class of 5th quality students on the day they found out their classmate and friend had lost his 3-month battle with malignancy. It was ideal for all of us, nonetheless it definitely bring out emotions! I would recommend this publication as needed reading in all colleges, with the primary audiences becoming the mathematicians, engineers, computer geeks, etc." This book of his is usually a treasured archive of collected experiences and well-thought-out conveniently readable chapters about appreciate. Not signed copies We looked the books over front to back again, neither is signed. Seems fake advertising.
