Hair cutting basics review I read the basic book. Learned a few things. I cut my hubby hair. Never knew about the occipital bone nor the guideline cut. Simple and with all the theory you have to cut your children's hair. Great, fast, easy read! Never knew I was holding them wrong. Many thanks. Finally found the informations i needed Excellent book. the book is quite useful and is easy to understand As I am a beginner, the book is very useful and is simple to understand. Bad illustrations Nice explanation and incredibly methodical however the illustrations are very bad.. I had troubles interpreting them. Excellent book. Pleased with my buy. Finally discovered the informations i required. I also discovered how to hold the scissors. A must buy. Five Stars good for cosmetology student or just home cutting use. Three Stars okay Five Stars excellent A good book It includes all of the basic designs for a hairstylist. I liked it and it's really always possible to learn something useful. It reads well and explains haircutting in pro vocabulary. More dos and don'ts Good book. You can learn from the basic steps first and then to advance steps. Two Stars of low quality exapmles Complete instructions and techniques Love this book. I am not in the market, yet I could totally understand the guidelines and diagrams. Many thanks!
