Wishing her all the very best for her future endeavors.I contact your books my " Pageant Bibles" from begin to finish these books together with your helpful guidance have produced each American Royalty Supreme Pageant produced run so much smoother. and I recommend that anyone associated with the Pageant world should possess .. This publication explained items that I never could have thought to ask. It really is a powerfully written book, and I would recommend that anyone associated with the Pageant globe should possess a copy. The in-depth analysis Anna Stanley has put in is to say minimal commendable. I just wish there have been an updated edition only because there are therefore many pageants right now and competition included in this. The book certainly is a ready reckoner for anybody in the Pageant Market be it a Maker, Director, Coach, or Pageant Girl. As a Beauty Pageant Coach based in India, I came across the book extremely informative. Thank You ! Very thorough, a little dated The book gave an excellent overview from start to finish and enough fine detail to feel like you've discovered something. She's gone in to the nitty gritty of the Pageantry business and packs a punch in a concise and articulate manner. Not to mention legal issues and intimidation by bigger pageants (think loud,rich guy with bad hair), I wish I was kidding.I'd certainly rec commend this in case you are producing or thinking about producing a pageant.
