I really loved this book I really loved this book. I ordered and examine it before ordering the Vivant products and I'm therefore pleased I did so. Suprisingly, I learned all about Dr. Five Stars Best book on acne Four Stars Well written So happy I came across this book I'm an Licensed Esthetician and I am always studying about the skin. Acne Sufferers I could not put this book down! The Best INFORMATION REGARDING Acne What a great book. Love this book Informative and concise. Fulton lived through the pimples nightmare for his whole youth and that struggle fueled his analysis. I usually knew that I would probably have acne permanently, but Dr. Fulton spelled it out word for word - what I have is usually a disease. Once you understand this and HOW to fix it, it takes so much tension off your plate. The principals are i'm all over this although some viable treatments and ideas have already been upgraded in the industry since this has been written. I'm keeping my fingers crossed these will become my products to any extent further, but after the trial and error of so numerous others I'm haven't dedicated completely. Love this book! Thank you Dr. Fulton for by no means giving up and working so difficult to find a solution for all of us who struggle with this disease. A Must Read for Estheticians, Dermatologists & A lady's review stated that she adopted the James Fulton skincare program and it piqued my curiosity enough to look him up. Throughout my twenties, I've tried everything to obtain my acne in order. I have a far greater understanding about what pimples is definitely, what aggravates it and what specific ingredients do for pimples. There is a wealth of knowledge compiled in here discovered nowhere else. From reading this book, I right now understand what ingredients like Benzoyl Peroxide and topical vitamin A actually do and how they function. In retrospect, I experienced given up too soon on a few of my treatments. I am an Esthetician and I am thinking about studying acne and epidermis disorders. topical vitamin A is most effective. Two even more big take-aways for me personally: watch out for meals and vits high in iodine, and 100 mg of zinc daily can help with acne irritation. I just completed an esthetics plan where we learned very little about this subject. Whether you have pimples or are in the skincare biz, you need this book. Thank you, Dr. Fulton!! I understand there have been many developments in laser treatments, and would love to see an up to date version of the publication. I found this book together with his skincare site and ordered it immediately. Also, I learned that for me, cure plan including a combination of benzoyl peroxide, AHAs & Dr. Fulton can be an amazing doctor who truly understands pimples and helped thousands of acne sufferers. I leaned a lot about pimples in school, nevertheless, all of the understanding I thought I knew.. Life changer To have the opportunity to learn everything presently there is to know about acne, from one of the very most brilliant thoughts in skincare (and the greatest mind in acne treatment in my opinion) is just fabulous. I must say i didn't know any thing at all until I bought his book. Dr. Must have in the event that you work on acne customers! This book is crucial have! Whomever provides this book a bad review, don't pay attention to it. He offers helped a lot of people with pimples and his product line works wonders! Acne Bible essential for Estheticians As an esthetician seriously interested in clearing acne that is a must have "bible". After reading the publication, I purchased a Vivant skincare kit and 2 weeks later my skin has seen MAJOR improvement. amazing book to learn If you are interested in acne, you should browse this book change whole idea towards acne therapy, amazing book to read!. This is mandatory READ for any skin care professional. It will change your life. must have! Fulton provides so much info and I learned more from Dr. Fulton whilst reading about charcoal soap evaluations online! Fulton than from any instructor, aesthetic counter, or from past research. It breaks down all factors about pores and skin and acne. So happy I came across this book. One of the reasons I give this reserve credence is because Dr. Let's simply say if this maintains up, I

can finally be happy with my skin instead of stressing to loss of life about leaving the home or looking in mirrors.!One thing, the copyright on this book is 2001. easy to understand Informational, easy to understand, concisely written, extremely helpful
