Disappointed This is not the worst cellulite book I've read but the second worse. Thank you Dr Bissoon for bringing what was after the secret and distinctive treatments of the wealthy and famous French women. And there is no other option in the globe that could get gone it at all. It was a sales page for his business and not very helpful at all. Exercise 20-25 minutes every other day9. A Sales Pitch ABOVE ALL ELSE! I am a believer!! Having had first-hand knowledge with mesotherapy, i believe that the outcomes portrayed aren't typical. Also, mesotherapy can not work well for people who have previously had liposuction. In case you are interested in investing in mesotherapy, proceed with caution and become sure to acquire references that you can speak straight with. Dr. The Cellulite Cure- opinion of book The Cellulite Get rid of by Lionel Bissoon is a well written, very informative book. Nevertheless, I feel the author could have done better. The synopsis of the publication is this: the get rid of to cellulite is certainly through a number of shots called mesotherapy. The actual fact that its attainable treatment right now here in the U. It does work, but it does take time. Take the stairs rather than using elevators10. My legs look a little better, but my butt requires extra attention ;-)

Bissoon did offer me hope that diet plan and exercise does play a significant role (the cosmetic doctor who performed my mesotherapy said diet plan has no impact). Bissoon gave me brand-new hope and I'll follow his suggestions in the publication and continue steadily to get more mesotherapy later on.I am giving this reserve a four because overall, I actually thought Bissoon did a good job in that he gave very clear explanations of what is, and what causes cellulite, but I currently knew that.He includes a chapter on the anti-cellulite diet plan, but there is absolutely no diet. This honeycomb pattern gives fat a larger potential for protruding or bulging, thus giving the looks of cottage cheese or the orange-peel effect. This book explains cellulite and explains mesotherapy but failed to help me control it. He provides one page where it lists 10 cellulite prevention suggestions; What I like about it is definitely it's a no nonsense tour of the history of cellulite, the causes and prevention, and ultimately, the cure. Lower the amount of glucose and refined sugar in your diet2. Increase your intake of leafy green vegetables3. Boost your consumption of fish as a way to obtain protein4. Consume as much cruciferous vegetables as possible5. While men generally have horizontal or criss-cross patterns of the compartments, women's compartments are stored in a honeycomb-like design. Eat as very much organic food as feasible7. I am amazed by the results! I was very disappointed. I had three classes done on the trunk of my thighs and buttocks. I have experienced Mesotherapy first hands. I was hoping Bissoon would have a chapter illustrating the best exercises to reduce the looks of cellulite, but there wasn't one. In conclusion, the positives of the book could it be is very clear, well-written, and easy to read, the photos are great, and the tips are great.the negative is he could have got given specific exercises, cellulite therapeutic massage tips- since lack of circulation is among the causes of cellulite. He could have listed foods which combat cellulite (as Dr. Murad has). (Yes, guys get cellulite too as I discovered in the publication!Mesotherapy does work and I really do recommend it, but exercise and diet can prevent future cellulite accumulation which is what I'm interested in learning about.. His theory is basically because they consume whole, natural foods-nothing processed.. Very informative, great to show my patients just before we routine them for therapy.]) Lipogun Mesotherapy gun Cellulite Treatment with Lipogun Mesotherapy gun: people with unsightly bulges occasionally are benefited by LipoGun® Mesotherapy.S. Whenever possible, walk rather than drivingA downside of the publication is that it provides nothing on exercise. Fats cells are sectioned off into compartments that are separated by connective cells. It started off great getting into a little bit of history with cellulite which I thought was interesting, but the rest of the reserve him stating this his treatment of mesotherapy may be the only way to eliminate cellulite. They have already been using it for over 50 years. However he has taken it to a complete new level with his very own proprietary formulas. A must read for anyone considering any facial rejuvenation or pores and skin issues. Great natural alternate. EASILY had known that the purpose of this reserve was to market MesoTherapy services, I'd not need purchased it. The before and after photos appear impressive. Here goes. I decided to try Wise Lipo as I noticed it reduced fat, tightened pores and skin and as a bonus helped with the overall appearance of Cellulite.The Cellulite Treat (TM) Too very good to be true? After having a poor result and being remaining with a substantial amount of cellulite. I searched for the web for help. After a long time I was referred to Dr. Lionel Bissoon's website. Natalie Moreno This is why women will develop cellulite than men. I've had opportunity to browse the book and have started Dr. What I was most thinking about was removing my saddlebags and rejuvenating my face. Honestly, women there is no need to live

another day with the low self-esteem and shame that people carry around with us when we don a bikini or heck even get intimate. Decrease your consumption of red meats8.! Both from the tremendous amount of info contained in the book and most of all from Dr. Unlike the additional cellulite books on the market this one is written by the foremost authority in the U. YOU ARE MY MIRACLE! And I many thanks. I sent their workplace a contact and purchased the reserve. That underlying problem for 90% folks women out there. -READ The Cellulite Cure BEFORE U BUY INTO Medical operation. Whats great about any of it is it utilizes all natural substances and brings the essential nutrients and amino acids that the face is starving for. Eat a diet plan high in soy content6.
