Great information about amazing products, requirements updating, ineffective indexes. It is a must possess for anyone wanting a cleaner, chemical free home LOVE! I'm so glad I found the corporation! I made my very own 16 oz. This is actually the best book when it comes to Melaleuca products and did I mention I totally love the merchandise and have been a customer for over a year so when I have issues I pick this book up and it can help me resolve the issues and tells me what melaleuca products to use..This publication needs to be updated with the newer products. I feel that after 4 years, it really is overdue.Also, the indexes in the Kindle edition are definately not the described ". These products are completely amazing..useful Products Index that references the many applications for Melaleuca products... All the recipes you have to make Bug Spray, Clean oven, Floor covering, Solve Health issues like Eczema etc. It's essentially an alphabetical set of problems and an alphabetical list of products which are definately not useful.02 . A Must For Every House I LOVE the Melaleuca products and heard bout this book from a friend. Good seller. Also for the parts of household remedies and cleaning guidelines was amazing. I was having difficulty washing my toilet - hard drinking water stains - and didn't want to revert back to bleach and toxic cleaners - so I opened the publication to "toilet bowls" and followed the instructions using "No Work" and voila - spots gone. My husband is a painter - he has latex color he cannot log off of his skin - I opened the reserve to "color" and followed the instructions using "Sol-U-Mel" and voila - the paint came right off. I recommend the reserve, and the products, to anyone who looks for healthy alternatives for cleaning, eating and supplementation. If you are using Melaleuca, this is a MUST HAVE GUIDE! Definitive Guide to Melaleuca Eco-friendly products for dishes if you are an associate." There aren't just no links, there aren't even page numbers to reference. Never throw away cash on items with nasty chemicals again!locating information is difficult It would be so much better if the Kindle version had a functional index. And for \$1.7 oz bottle of Bug Spray for \$6 or \$7. A must have book in case you are a Melaleuca customer!! bottle of Bug spray for \$1. Five Stars Yes, it is extremely helpful.) Prose is too cramped on web page - too chaotic a ... Prose is too cramped on web page - too chaotic a display for me. Publisher, please either enlarge the page margins or increase the number of pages in the guide. I find myself departing it every time I open it despite its wealth of info that I desire to learn. Thank you! Not quite a full book size (paperback) however, not exactly a little pocket book. BUT, it really is loaded with information. Yesterday on the check-out line within my Health Food store: saw eco-friendly 2. While the search function in the Kindle app could be utilized, having useful indexes would be greatly helpful with this in-depth publication... the purchase price was fantastic!! I cannot believe the wealth of information in here. Kindle edition Index is not functional.Right now for the problem..99!If you are every wanting to be considered a customer I will be happy to help you create your wholesale account with the manufacturer just contact me at naturalproducts73@gmail.com .. Finally just ordered my very own! this book for a long time and for no justification never ordered it Desired this book for a long period and for no justification never ordered it. Generally asked my friend who offers one for details; Already referred to it many times in the short time we've had it. Want there was one up to date with the newer products from Melaleuca, however the book still gives good perspective and starting points for alternate solutions. A very good reserve to have for health symptoms if you are a Melaleuca customer.. Five Stars the many uses of the many Melaleuca products!! Without the index, locating info within the reserve is very tough.The book itself is an excellent resource for Melaleuca customers! Must have Love the information in this book. I really like this reference, that it's so comprehensive and that, with the Kindle version, it's so easy to consider with me anywhere We go since I always have my phone! Prompt deliver.! nice Pocket Book? LOVE this book! It's a must for any Mela user. So helpful and informative.. In the event that you already buy them, you will want this book.50 (price of spray bottle! Five Stars Thank you
