From client consultation to completed look, the basics of Haircutting textbook teaches cosmetology college students how exactly to apply design concepts using styles, lines, and angles to accomplish predictable outcomes in the professional salon. Finished styles accompany each haircut. Following main theory sections, step-by-step techniques visually assist learners in performing seventeen different female and man haircuts. Visuals teach college students how to use proper lines and angles to attain desirable results. Each chapter ends with debate questions and a chapter test. Additional sections include details on soft skills important for the competitive workforce, visuals and text that emphasize the secure and accurate use of haircutting implements, reminders and points to build successful customer services, a close appear at infection control suggestions for sanitation, decontamination, and safety, along with guidelines and procedures for providing solutions that protect both customer and cosmetologist. Fundamentals of Haircutting also includes a comprehensive glossary A very important resource and teaching aid for private academic institutions, instructors' seminars, and continuing educational workshops, Fundamentals of Haircutting could also be used as textbook for both secondary or postsecondary haircutting courses, one semester to two semesters in length.

Every Cosmetology Class requirements this text book! This would be considered a great manual for academic institutions to use for their cosmetology learners. Although I am not a cosmetologist, I like to be informed as to what is happening if you ask me as I sit down in a chair and trust the fate of my locks to someone. Found out You can get a free program syllabus for the publication at the website: FundamentalsOfHaircutting. Just what a perfect manual for anyone who is learning to enter this field and get better at the artwork of professionalism as a stylist. Great cosmetology textbook! I saw this book in my hairdresser's salon. Students should try to learn great haircutting. It addresses all the important aspects of haircutting, from style to angle to range. Bought this book from a beauty salon. Awesome class for cosmetology students As an educator myself, I know the value of offering supplemental classes that provide students a meaningful learning encounter, and let's them have a little fun along the way. I have been a locks stylist for 25 years and have collected many styling books thru the years. Money well spent! Students will look forwards to a course where this book is used! I recently purchased this reserve and would state that it stands by itself as the very best haircutting book I have found. It is a wonderful supplement to any publication presently being found in cosmetology classrooms. It's an easy read and well illustrated and makes an excellent adjuvant to any hairstylist publication. I would highly recommend it for the novice along with the experienced hair stylist.com Excellent Resource A must-have for just about any school or professional. Great book! Colleges should all utilize this publication. This is a very comprehensive and instructive textbook on how to cut hair. Stanley Hands, Master Cosmetologist & Thank you for giving us an additional tool to help our students get yourself a good basis in haircutting techniques. This text publication was a nice read to even a layperson and protected every part of the step-by-step "Process" with excellent illustrations and photographs. Schools need this reserve. This publication is well-created and easy to check out with step-by-step guidelines and illustrations, which show the basics underlying any hair design. I highly recommend this resource for cosmetology institutions and salon professionals. I really like this haircutting textbook! I take advantage of it and my staff uses it every day. The step-by-step reducing guidelines and questions at the end of every chapter are so useful. Get better at Colorist, Looks Salon, Atlanta, GA They had a great booth at The SkillsUSA meeting in Arkansas They had an excellent booth at The SkillsUSA meeting in Arkansas.
