Thank you Timber Hawkeye Timber Hawkeye and his first book, "Buddist Bootcamp" arrived to my life when We most needed it. I had move 200 miles to become the principal caretaker for my elderly parents and, over the past six years, had come to resent needing to move hours from my kids and grandchildren. I was in a desperate quagmire of loneliness and unhappiness. Mama acquired transitioned, but I was still the caretaker for my daddy. There began my trip out of my desperate scenario. My first encounter with Timber Hawkeye's inspiring gifts was on Facebook where a friend shared a quotation from "Buddist Bootcamp". I was still miles and miles from my kids and grandchildren and I was still only usually. Nevertheless, with "Buddist Bootcamp" and other readings that Timber Hawkeye suggested on his website, my "mind" changed. I have met him and he's just so right down to earth and speaks with so much truth and honesty. It is not a morbid idea of death but a way to let go and allow the inevitable. I understand nothing is impossible, nonetheless it is more challenging with children. So as you walk your path, I hope that reserve inspires everyone to walk the walk and talk the talk. Thank you Timber! Among the chapters that resonated with me was about loss of life. I am 64 years old and had just been telling my nearly 40 year old child that when I was her age group, I became aware of the "SECRET OF Lifestyle", to forget about the fear of death.. In "Faithfully Religionless", Timber Hawkeye tells of his near loss of life knowledge and how it molded his relationship with death. I remembered how to pick happiness. Again, thank you Timber Hawkeye, for "turning" me around to keep in mind what my soul knows to be true. I'll continue steadily to follow you and your work as well as other reading you suggest. guaranteed! Didn't see that one coming! You can be spiritual and not practice a religion. Faithfully Religionless is the second book simply by Timber Hawkeye. His personal and humble method of writing is interesting and the message resonates with me as somebody who feels as if I am spiritual but because of many "religious" experiences and observations in my 66 years of existence am not really a religious person. I highly recommend Faithfully Religionless I highly recommend Faithfully Religionless. I treasured both his books and also have given them to my son to learn also.
