On March 12, 1948, Northwest Airlines Flight 4422, a DC-4 with a crew of six, carrying twenty-four Merchant Marines from Shanghai to New York, crashed high up on Alaska's Mt. Facing horrific winds, avalanches, and threats of wild animals, the courageous and established men returned every year in search of the reality. Air flow reconnaissance flights spotted the charred continues to be of the plane, but the site was as well remote for recovery teams. After four years of near-obsessive attempts, they made a monumental discovery: After half a century, wives, siblings, and children of the victims had been still alive and searching for answers." Airline flight of Gold may be the first-person account of commercial air line pilot and mountain climber Kevin McGregor, who with commercial and bush pilot Marc Millican, an experienced mountain climber as well, attempted to accomplish what a large number of other expeditions didn't do: discover the continues to be of the plane and solve the mystery of the reputed treasure. Elias National Park. Employed in secret, both of these daring and adventurous explorers journeyed into the vast Wrangell-Saint. Sanford. Rumors that the plane had been transporting gold and diamonds instantly erupted and enticed treasure hunters to the mountain, but life-threatening circumstances kept them from reaching what became referred to as "Alaska's Legendary Gold Wreck. Continuing their efforts for the sake of the households, McGregor and Millican produced two more startling discoveries: one led them into leading-advantage forensics and the various other gave material to the treasure rumor. Adventurers Help Solve Historic Aviation Puzzle These two adventurers, Kevin McGregor and Marc Millican, have inspired me beyond words. I felt like We was there with him Once I found this book I could not put it down-what an experience! The detail and precision in researching Flight 4422 and in writing about the process Kevin & Their seek out Northwest Airlines flight 4422 got them through years of study, dangerous excursions, and harsh conditions, all the while their friendship and interest for aviation hardly ever faltered. Five Stars Good go through. His descriptions of the Alaskan countryside and feelings that were involved were absolutely first rate. Very much intrigue. And the amount of research and dedication that his team placed into this task was amazing! An interesting book worth reading if you are a aviation background buff and/or thinking about Alaskan bush flying. Flight of Gold What a fantastic read. This is actually the kind of story the majority of us just daydream about, but these men achieved it, and during the process discovered a little bit of background that helped put a few puzzle parts together for the groups of the guys on flight 4422. Marc went through to find so many answers about this plane crash is certainly inspiring. They are 2 males who gave their all to discover answers and talk about their findings with the family of these who perished and today through this book with everyone. Their dedication to this project spared nothing. Five Stars Book was in very good shape Five Stars Well written and well documented - excellent book! Thank you! The reading experience of this book much exceeded my goals. Millican gave to the project. Being a family member of one of the travellers, this book brought me mentally to the place where my uncle is based on eternal peace atop that frozen, Alaskan glacier. Marc and Kevin, This publication took me personally on a trip that my Uncle Dan probably traveled. As a family member of one of the guys on the trip, I can't thank you enough to be so diligent in uncovering the reality. Although you missed gold, you offered each family with treasures they might not have if you hadn't created the publication. From starting to end it really is a book I did not want to place down. Denise Hacker Dan Rice's niece no delivery I got a copy from the author, Kevin McGregor and it is good. This, by far, may be the best book I've had the satisfaction to narrate. tells about the flight of selecting this plane. Cannot put it down ! you will love reading ! Essential read for any adventuruos soul! A Must Browse for Aviation and Experience Fans! It was a great read for aviation history buffs like me. Great book and We was sorry to listen to that among the pilot/adventurers had passed away. What an amazing tale of a genuine adventure quest to definitively uncover the fate of prodigal Flight 4422, her crew and passengers. Kevin McGregor and Marc Millican had been relentless in their decade's long quest, fueled by an intense desire to provide closure for the families of the "Trip of Gold". Thank you! Well done Kevin and Marc! An excellent documentary and adventure. All I could say is get yourself a duplicate; I felt like I was generally there with him! Well written and photos reinforce the story. Just a great documentary and accurate adventure story. A genuine and touching journal. may be the best book I've had the pleasure to narrate I simply finished narrating/recording this publication for the WA Speaking Reserve and Braille Library. Over the years I have recorded many books. He put in a lot of work on this book; It is extremely well crafted and documented. I am surprised at the amount of effort, empathy, time and treasure both discoverers K. McGregor and M. For those who have the slightest curiosity in aviation, Alaska or history this is a publication you will need to read. Their feeling of adventure, dedication with respect to the survivors and general humanity make this a lot more than an adventure story. It serves as a testament to the goodness in humankind. Great Flying Adventure I picked up a copy of the book at my local flight club and can't put it straight down. It's a well-written account of an excellent flying adventure. The author shows a lot of respect for the lives that were lost on board Flight 4422 while also engaging the

reader in the mystery of the lost flight and it's feasible payload. Their experiences are really well documented by the author. And Kevin McGregor's writing style is "best seller" quality.
