A Relieving Must-Browse for Those Pursuing Medical diagnosis/Newly Diagnosed! After reading it you will believe everyone has autism. You can read and understand, especially for kids too. Each page focuses on a different concern from both the child's perspective and that of a grown-up (parent, grandparent, teacher, counselor, etc. Such a shame that it's all over the place visually. I believe it's a great first continue reading Asperger's in girls, particularly if you would like a diagnosis or newly diagnosed. Reading it was like reading my daughter's life story so far. What an absolute alleviation have a name from what I've known since she was a new baby - that she was different, not less, and all the time I spent refusing incorrect diagnoses, meds and nonsense was right. I actually purchased both of Tania Marshall's books after reading approximately them on her behalf facebook page. There is really no chemical to it. More of an image book. Not well worth the price at all. Interesting book. Cute Book Cute book for any aspie girl.. I actually Am Autistic - Great Publication! Reading this reserve was a breath of fresh air and spoke to how I experienced as a little lady growing up and not being comprehended. That's all. Mostly simply photos of ladies with few paragraphs of why is them unique. I really like this book. Important thing every person is unique and everyone has activities that lean some way.. Picture Book without substance The majority of the book is pictures and quotes, with a summary of some female qualities within ASD at the end.. Interesting book. Beautifully created and illustrated. Pointless purchase Nothing of any quality in here. Just pictures and rates. Not helpful quotes. Great Encouragement for your Aspie Lady! Great reserve to introduce to your aspien girl that it is OKAY to be an aspie, that they are not by yourself, and how they feel isn't in solitude. Beautifully written and illustrated book Awesome book; You'll think they would have known better considering the audience. This reserve brings wish, wisdom and insight to increasing girls with Autism - Aspergers - ASD and I highly recommend it to parents, doctors and adults with Autism. Very welcome reserve.. There is wish! I was longing for more analysis bound . Little snipits of aspie women lives and how they experience. Not really a chapter type book. Very supportive. Extremely insightful. great resource I love this publication,was very helpful for my daughter to see how she is like additional aspien girls, great how they utilize the voice of a child,those that know them and gorgeous photos. Very supportive. Very inspiring and insightful. I was hoping for more analysis bound. I don't possess 14 more words you are requiring! Blah, blah. It's a great book in the event that you know in progress that it's . Info online is much more helpful. Lis Love how she encourages visitors to concentrate on the strengths of every girl because they will be grow up end up being young ladies with promising futures even though at he same period focusing on what they need help with. It's an excellent book if you know in advance that it's a light browse and full of images mostly. Loved it... I am an Autistic Ladies, diagnosed this past year at age 53 after a lifetime of misdiagnosis. Expensive Fluff, Better Info Online Don't bother..). my granddaughter is on the spectrum and acknowledged herself in this reserve. I'm not really into touchy feely. Provide me the reality. I would rather have just donated the amount of money I allocated to the books to aid the cause than in fact flip through pages. Three Stars it's ok
