We're all going to die. That's not alarmist or pessimistic—only a fact. Most importantly, probably, you'll arrive to understand that by making options now, you transform loss of life into the culmination of a existence well-lived—instead of an unplanned and unpredicted event. Jenkins helps you prepare your will and estate, decide where your cherished possessions go, and determine whether you need an advanced treatment directive. We avoid considering our own mortality, often putting off important final decisions until it's too late. After all, we only die once. With longtime counselor Margie Jenkins's gentle assistance, you'll travel the "planning paths" you've avoided for so long. Death is part to be human, however, not something a lot of people want to discuss. In the event you desire it, you'll even discover how to preplan your personal funeral or memorial program. On the way, Jenkins offers expect survivors and useful tips about how to manage a loved one's loss of life or sudden medical crisis. 1 day, life ends. YOU MERELY Die Once takes a surprisingly lighthearted approach to this serious topic, demystifying end-of-life arrangements with poignant and humorous personal stories. Why not make sure you do it right?
