Missing the spiral planner I had the 2018 planner and was the greatest thing. I simply got the planner for 2019 and I'm so sad I didn't like it. Don't misunderstand me, everything that Adam makes is excellent and ideal but I did nothing like that it wasn't a spiral planner. I have to keep the pages open on the current week and it's impossible to do it with this new planner. love love appreciate his planner, likely to buy every year My favorite 2019 will be my third year with an Unsolicited Assistance planner. Hopefully, the spiral will come back for the 2020 planner. Awesome Awesome planner as usual Uplifting, funny, and encouraging! Assists me to keep an eye on my self-treatment and my mental health < It has little quips and real chat, which everybody knows and love with anything Adam puts out into the globe. I enjoy the setup of the weeks and weeks, and love yearly web page in the beginning. This is a wonderful datebook, mini-journal, notes of encouragement! Strongly suggested! cute, organized, perfect I really like Adam's planners, and this one is brilliant -- there's both area to write all you need and little notes and surprises and thoughtful drawings around each corner. I'm unfortunate I won't have the ability to use it this year.! I plan to maintain buying them for provided that Adam continues to create them! great great product. Another great AdamJK item! I absolutely love these.) LOVE IT! I've already started to add in the criteria, like birthdays, or events for next calendar year. (Btw, buyers, the stuff the following as items I've viewed and recommend is not true!!! The best planner ever! Love everything concerning this planner.3
