27 CLOSE Phone calls is a very special publication. It By posting stories of women who experienced dangerous situations, but arrived okay, and how they did it. , “ could make you or somebody you love safer than they have ever been. Predicated on hundreds of actual close calls, it offers the best tips on how best to get secure from virtually any situation. There are perfect stories that include everything from walking through a dark parking great deal at night to going on an internet date to starting up with a stranger., which says that each close contact is a learning opportunity. Why?How to proceed if your friend has been drugged at a bar?s experiences, you will be safer than a good self-defense expert. 27 CLOSE Phone calls includes strategies and ideas for daily living, dating, functioning and more for a complete of seven threat areas that adult women should know. As you Police Chief said, “ To be able to create this fresh safety-from-violence This book is a game-changer And what goes on next in each tale is just like real life;heroes”, safety situations” How?close calls” These ideas result from not only the ladies themselves, but also from skilled investigators, a lot of whom are former cops or federal brokers.hero moves”. Because the ways of predators are known and knowable, so when you learn them through 27 CLOSE Phone calls, you can spot danger coming before it gets too close. technique, the Close Call Investigators at Strider Laboratory, the nation’ it will literally save lives.” (a predicament in which there is imminent risk or violence that could have been even worse), and “ As well as the 27 close calls described in the publication, you'll discover the Close Call Method lab, developed a complete new lexicon which includes “ it might be an innocent encounter, a sketchy situation or an outright strike which includes time rape, assault, kidnapping, or also attempted murder. At least one out of four females will become violently attacked within their lifetimes and up to 90% would be the target of 1 or several predators. So that is a book every woman should read not merely for herself, but , but rather what's initial Safety-From-Violence By learning from both your personal and additional’ The way to handle a day rapist? What's the easiest method to address an armed robber? It's all in the book. Every chapter comes with an interesting and actual story, many of which read like whodunnits. Except that the question is not who done it?on her behalf friends as well.s the best way to deal with a predicament like that?
