One of the top issues that parents of this generation face is how to effectively cultivate cooperation of their children, it doesn't involve coercion and/or bribes, especially if the kids are behaving in crazy, boisterous, or uncontrollable ways. In her groundbreaking publication, *Taming Your Wild Kid*, Tangee Veloso, founder of Family Love Village, and a parent of such a crazy child herself, introduces a forward thinking parenting approach that does not involve forcing a child to behave, but rather addresses the child's dis-connection and unmet requirements, which can be the catalyst of wild behavior. Utilizing the 7 Proven Principles, which allow you to become more compassionate toward your kids and help create connection and a loving PARTNERSHIP with them....rather than relationship of power more than they'll also reflect the same self-confidence and compassion toward themselves and others.. Experience the organic transformation of their behavior, plus your own, in the process. In this book, you will discover: What this means to become a conscious mother or father in your own home How to be aware of your choices The 7 concepts that may build a deeper reference to your child How to arranged loving boundaries without shedding your cool Methods that honor self-care and self-love Getting more present with your parenting options Why it is so vital that you find your own village to cultivate connection amongst additional parents and caregivers upon this same parenting journey
