Psychology book The book got within a timely manor and has hardly any wear. The publication itself can be quite boring and hard to read at times. Good book for some one with ageing parents and sociology main. Five Stars Great! If Psychology is your thing, and you understand it well, this reserve will be great for you. Great Service! Pretty good I learned a whole lot with this textbook and it had been very well organized and not so bad for a college textbook. Great buy This textbook is excellent and provides rich information about aging that everyone should find out about at any age. Arrived sooner than expected, positive result... This is an excellent textbook, but ironically for a book that talks about aging, the font is too small.! Good book for a few one with aging parents and sociology main.! Fantastic! I hope the next edition has bigger print!!!! This is a good textbook, but ironically for a book that talks . Many thanks very much. Five Stars easy reading. It does cover maturing and gerontology topics very well too.
