Perfect resource for Cosmetology Exam prep This is the perfect textbook with thorough and clear explanations of each component necessary to pass a State Panel exam for Cosmetology. I AM SO PROUD OF HER SHE WORK VERY HARD .! THE WORKBOOKS CERTAINLY ARE A MUST!!! Five Stars new book its o.! This is seriously an excellent work book. Definitely returning. I've aced all my tests in the last 5 weeks, and i certainly wouldn't possess without these incredible workbooks, so thanks! Five Stars Very nice Highly recommended cheaper then at school bookstore Five Stars Digital copy is fantastic much better than the hardcopy many cool features! A VERY PROUD MOTHER N P.A. We ORDERED THIS FOR MY DAUGHTER ...TO End up being TESTED ON .. Got the publication for a better cost, but if you're likely to get this textbook bundle for college, then I suggest not really because I got to get the MindTap separately, and Amazon doesn't have any. SHE PASS AND IS Right now A LICENSED.COSMETOLOGIST. Plenty of great illustrations and pictures with solid enough paper to take notes in the white space of oversized margins. ? Don't buy The book had lacking, double, and ugly pages. Yes ... already breaking aside after 2 months the price is crazy actually found all of the books for \$50 on Facebook marketplace..BUT IT WAS ALL WORTH It all IN THE END ,... Brushing through to my skills, this Amazon rental is normally saving my life right now!AND IT ALL HAS PAID OFF . This publication is giving me my entire entire cosmetology life back again! It really is impressive and exceptional!! It came in very good shape too! Very updated and more valuable details and understanding !! MindTap itself was more costly. The book arrived in excellent condition. When it comes to content, I was expecting more chapters about skin. In terms of content The book arrived in excellent condition.. Nevertheless, this content is easy to read and understand and the explanations are straight-foward Very helpful Very helpful Perfect quality ? Ideal everytime . There is even more emphasis put on locks cutting, styling, colouring and I was expecting the opposite... The Milady books HAMMER details into your head, and you can't ignore it in the event that you tried. Got the book for a better price, but if you're likely to understand this ....k.THANK YOU FOR BEING HERE WITH Me personally THOUGHT THIS I HAS SOME PROBLEMS.
