Nutrition & Diet Therapy Way over my mind, but there are many things to find out about Nutrition here. Thank you. Hey I am only a Marine! Duuuu I will try to learn something.... Five Stars Good book and great resource. I think this was designed for Doctors and medical professionals. Great! It is easy to understand!! Five Stars Just as described Five Stars Great I had to get this publication for my nutrition class and it breaks everything straight down and really enables you to understand!! I'm in fact still using this book to review for state Board exams Nutrition & Diet plan Therapy Textbook I was very pleased with the design of the publication!! It creates doing my diet journals and diet reviews for class super easy. The trunk of the publication also has like 60 pages of different foods with proteins, fats, etc listed. I would recommended this reserve to anyone who is taking Diet and Diet. Five Stars Good Book Thanks Kinda old and worn but it's just what I needed.!
