

EDITED BY DAK KOPEC

Health and Well-being for Interior Architecture

With Foreword by Susan S. Szenasy
Afterword by A. Ray Pentecost III

Dak Kopec

Health and Well-being for Interior Architecture

[continue reading](#)

Winner of the 2018 IDEC Reserve Award With fifteen essays by scholars and professionals, from fields such as for example policy and laws, Health and Well-being for Interior Architecture asks visitors to consider environment, geography, and lifestyle alongside human biology, psychology, and sociology. Through different viewpoints, and over 30 images, this book manuals designers through ways to create and develop interior designs in order to improve occupants' health and well-being. Since designers play such a pivotal role in human conversation with interior and architectural design, this publication sheds light on the importance of a designer's focus on health and well-getting while also acknowledging the ever changing built environment.
