Five Stars I came across my son reading this quietly. He certainly had some questions. Kindle version is almost unreadable due to bad formatting. Many web pages have just a few lines. The content of the book is fantastic, but the kindle version is poorly formatted on both my mac and my iPad. I have used many social skills curricula, and PEERS by significantly targets the most useful, age-appropriate social skills for young adults. This is a fantastic resource! I have used many social abilities curricula This is a fantastic resource! I've attached a screenshot showing one "page" of the Kindle version, and the same web page from the appearance inside feature.
