Great first aid refeshers This is an excellent book to have on hand as a reminder of important medical skills. Good rental Good condition Five Stars Glad We rented this publication, came in very handy for my cpr class Water damaged rental This is actually the full book if anyone is going for a cpr class. Five Stars The proper book for my class and in great condition. Just make sure to check the ISBN number 0_0 Came as advertised When taking the program, I discovered how this can . Five Stars Just as described. Learning how to use this knowledge on myself and others will have conserve countless of lives and period. When taking the program, I discovered how this is often a self-saving learning experience for me.. Now I know that ignorance isn't an excuse any longer. I volunteer as a first responder and review this publication ahead of be assigned. School Kindle textbooks are method better for reading, especially books with this many diagrams. It arrived in with fifty percent of it being drinking water damaged, but at least the webpages went stuck all together.. Better deals First and convenient. The required time to come back the books. I rented my publication and I believe it was used. Three Stars More than 5 webpages are torn and missing.
