Most excellent resource for Cosmetology Test prep This is the perfect textbook with thorough and clear explanations of every component essential to pass a State Board exam for Cosmetology. It really is impressive and excellent. Plenty of great illustrations and pictures with solid enough paper to take notes in the white space of oversized margins..!!!! A VERY PROUD Mom N P. I've aced all my tests within the last 5 weeks, and i certainly wouldn't possess without these incredible workbooks, so thanks! Five Stars Very nice Highly recommended cheaper then at school bookstore Five Stars Digital copy is fantastic much better than the hardcopy many cool features! The Milady books HAMMER info into your mind, and you can't forget it in the event that you tried.. I actually ORDERED THIS FOR MY DAUGHTER ..A.TO End up being TESTED ON ..SHE Move AND IS NOW A LICENSED.. Brushing up on my skills, this Amazon rental can be saving my life right now!We AM SO PROUD OF HER SHE WORK VERY HARD ..AND IT ALL Offers PAID OFF . THE WORKBOOKS ARE A MUST!. It came in extremely good shape too!..BUT IT WAS ALL WORTH It all IN THE END ,...COSMETOLOGIST. Yes . Got the book for a better price, but if you're likely to get this . This is seriously a great work book. MindTap itself was more expensive.THANK YOU FOR Getting HERE WITH Me personally THOUGHT THIS I HAS SOME PROBLEMS. Very up-to-date and more valuable info and knowledge ! Five Stars brand-new book its o.k. The book found its way to excellent condition. With regards to content The book found its way to excellent condition.In terms of content material, I was expecting even more chapters about skin.. Even so, the content is easy to learn and understand and the explanations are straight-foward Very helpful Very helpful Perfect quality ? Perfect everytime ... ? Don't buy The book had lacking, double, and ugly pages. Certainly returning. This book is giving me my whole entire cosmetology life back again!. There is more emphasis put on locks trimming, styling, colouring and I was expecting the opposite. Got the book for a better cost, but if you're likely to understand this textbook bundle for school, then I suggest not really because I experienced to get the MindTap individually, and Amazon doesn't have any.! already breaking aside after 2 months the price is crazy actually found all the books for \$50 on Facebook marketplace
