Try a youthful version, as will be the same, yur cash saved that way, dudes The Book good , but if you want to keep try an earlier version, no difference. Perfectly edited, rented from Amazon since it pretty expensive to buy, Ms Nelms -the author- has gotten into the BAD "business" to do constant expensive repeted re- editions witch have NO real difference in between , and uses our monies \$\$, that way, of us Students with limited funds. Again, The Book good , but if you would like to keep try an earlier version, no difference. Good info Great info Five Stars A+ Five Stars Good quality book. Five Stars This is a great and informational text. Four Stars I love the book! Fast shipping. I even decided to extend the rental. It has everything I want and more! Five Stars Great textbook. Very nice! Promptly delivery. Super informational. Super Fast. User friendly Fast! No problem. Five Stars Great for class.!!
