came in very poor condition I actually rented this for an on-line class, and it came in inadequate condition. The publication had a bunch of different food/beverage stains which were so large it looked as though the book have been submerged in espresso instead of having coffee spilled on it, and it sensed as if whoever did the spilling didn't also bother to wipe it off, but just let the stains absorb in to the book. Very details.. Additionally, throughout my four years of undergrad, I've never had accommodations textbook from Amazon come in anything much less than good condition, so we were both a little bit surprised by the situation. It simply sat in the part not being utilized because I didn't even want to contact it. Luckily for me, I didn't also end up having to use it for the course. I really like it.... Everything went smoothly but today July 13th three weeks before class ends suddenly my rental was expired. Wtf. Weird..00. Has some pictures. This product is actually good and it has plenty of useful information about the various food cultures around the world I love it.. She experienced also rented this book off of Amazon the semester before for the same class and hers had come in great condition..shady.. This product is actually good and it has plenty of useful information regarding the ... And today it must be rented until October simply so that they can rack up the purchase price. Easy to read. A bunch of the pages were stuck together and my roommate and I couldn't have them aside without tearing them. We rented the kindle e-book and selected the day which . Also talks about different cultures in the us and how individuals were influenced by the western culture. Easy to read Briefly explains a little bit about every culture. and it came as expected - in great condition. And I believe it also came a . THEREFORE I went back onto amazon to rent it again and today it wont let me select my own return time and instead it really is saying the local rental needs to be until October and can cost me another \$36. I actually rented the kindle e-book and selected the time which I wanted the local rental to end August 5th (that was the last time of my class). This was exactly the textbook I needed for an online class I am currently taking. I bought it brand-new, and it came as expected - in best condition. And I believe it actually came a couple of days previous than expected, which was perfect. Also one of the best prices I possibly could find because of this book on the web. Like some reviewers described, there is nothing in bold, which forces you to waste materials your time searching for a term. If you want to know more about the authentic food in different countries and their religious beliefs, you should buy this book. So basically I selected the date my class ended for the rental expiration date and suddenly it changed. Touches on how religious beliefs & environment influences meals. Like some reviewers mentioned It is unfortunate this reserve lacks some factor for students in spite of ample information it provides. Three Stars Had to buy it for school. Somewhat interesting Just makes me hungry lol One Star This book came in torn apart Five Stars Was as expected One Star Book had rips
