Have a look at a preview. And again, all this in the proper number of pages to fit comfortably within a term course. Given that breakthrough text returns in a rigorously up to date edition that explores the lifespan by merging the latest study with a practicing psychologist's knowledge of people, and a teacher's knowledge of college students and classroom dynamics. In 2007, Janet Belsky's *Experiencing the Lifespan* was posted to widespread instructor and college student acclaim, ultimately winning the 2008 Textbook Excellence Award from the written text and Academic Authors Association.
