Nice, easy to read chapters! Bought for a grad school class.. Four Stars Good Four Stars Good life's journey information Four Stars It help totally Time of arrival We had ordered my publication and it showed that it could get to my house by oct 11 and my book still hasn't arrived. I enjoyed this This book was easy to read, engaging, and in great condition. I was very easily intrigued by the chapters..wish We rented instead. Oh well ????? Truthfully, this book was much better than Steinburg's Lifespan Textbook, so I guess I rated it lower than I should've. Five Stars The different life-Span developments are amazing Love it Used for my course! It shipped fast and was a good sturdy book.
