

The AARP logo is displayed in a bold, red, sans-serif font. Above the logo, there are several circular icons: a purple circle containing a house and a laptop, a green circle containing a dollar sign, and a blue circle containing a sun. Below the logo, there is a circular icon showing a woman in a yellow dress dancing in front of a palm tree.

AARP

A stylized illustration of a woman with brown hair tied in a bun, wearing a yellow cardigan over a purple top and dark green pants. She is sitting on the ground, leaning back on her hands, and looking up towards the sky. A red scarf is draped around her neck. The background is white with several circular icons floating around: a purple circle with a house and laptop, a green circle with a dollar sign, a blue circle with a sun, and a circular icon showing a woman in a yellow dress dancing in front of a palm tree.

I love this book in particular since it is written so . not read everything - but good information.. I love this book in particular because it is written so well. It basically reduces into areas of the country and has first person content on what the region is similar to from their perspective. This book is a good resource for women who are newly single or contemplating making a change.. Everything depends on what you're looking for. I really appreciated this publication and produced me rethink what I really wish and where I may want to do it. It might be especially helpful for a single woman who is just starting to gather information or has a little information about getting ready for retirement. Superficial and no 'meaty' advice. Good information So far, I haven't come across a large amount of information that I didn't already know, which makes up about the 4 stars rather than 5 stars. (The sooner you understand about all of this, the better. There is actually something for everyone. Also, it's from AARP, so that you can depend on the information's accuracy. It's well organized so that you can simply skim through any sections that don't discover, to apply to you. I purchased the Kindle version, so I could highlight stuff that I want to be capable to get back to quickly. This book is really worth your period and the cost. Retirement guide for singles Lots of info in a little space. There are several good ideas nevertheless, you must take notes.) Also, the reserve gathers lots of details into one place, so even someone additional along in planning retirement could find the reserve useful, as I really do. I purchased it used nonetheless it was like brand-new. No problems. How to travel alone; Still reading it, but great up to now. Would you think this would be in the book?Glad there is a instruction for singles. She will an excellent job of covering pension planning any woman. Not very comprehensive. Lots of tips and tricks to keep yourself busy - I mean who wants to watch TV all day long?and even for men.. Each provides it's treasures and amenities. This is a great resource even though you are not single. Good Advice I already had everything to ensure that retirement, but I wanted to read this book in the event I missed anything. Everything you need to consider is protected in this publication. I didn't need it in the end, but was happy I had already carried out everything that was recommended. Good advice, especially if you have not been directly involved in your retirement plans. Good resource I have purchased several retirement preparation books of late and being recently divorced idea this book might easily fit into well with my mini library. Most books cope with couplesThank you Good Info We love all the information and web links about things I never knew where available, for example, you may take a class on-series at Yale for free! Large amount of links and resources are included, and she pointed out things I had not previously considered. Highly recommend for any woman considering her retirement years and how exactly to spend them and not simply from a economic perspective. This book is a good resource for women who are newly single or contemplating ... There are numerous hidden treasures in this nation and it is amazing reading about small town life and also the big cities. Well worth the price alone for a few new ideas not heard of elsewhere. Retiring This book is filled with good advice for the single woman and really for anybody, good tips too. I didn't. Item came promptly and in good shape. This book can help you prepare. Great reference material. I am continuing to read the publication and I am enjoying the book very much.. There is much to learn. Five Stars So a lot of things that you'll never consider to think about in retirement. the best cruise lines for singles. How awesome is that! Superficial no 'meaty' suggestions ... It's in large printing - that i was not alert to - but that is okay. However, the info in this publication is GOOD. Four Stars Interesting, not yet finished Five Stars Best book I've read in a while. Great guide and I'm going to be keeping it#!. It's in large print - that i .The book is filled with good financial advice too.. not read it all - but good information. Not very comprehensive.
