I never knew love didn't need to be a struggle I don't take time to write reviews frequently, but I couldn't avoid the opportunity to talk about how incredible the info is in this reserve.. I've been told there may be a subconscious factor in my "selection procedure," but that didn't make any sense to me when a number of these males are completely different from one another. I burst into uncontrollable tears that I held set for 30 years. Reading this book has really opened the eyes of my heart to comprehend what's been going on in my dating existence. Do I think I'll meet the man of my dreams next week? Easy read, well thoughtout, great examples, and easy to digest.. The queries like "Why am I not good enough for him?", "What did I really do wrong?", or "What's wrong with me?" don't plague me like they used to. I understand where those emotions are via and how I can give myself grace to learn from what I've experienced. I actually can't thank Robin enough for sharing her knowledge with me through this book. I have also browse the stories of nearly every woman I know. but anticipate to take a real, honest, hard look at yourself as well as your behaviors. It's a must read for anyone who can't understand why love needs to be a struggle! From the strongest, most independent to the most damaged, this book has insight. I read it for myself and saw my daughter, my best friends, my most distant enemies. I'm not a self-help reserve aficionado but We couldn't stop reading and re-reading each chapter, gleaning increasingly more insight into why I really do what I do, why I did what I did so, why I put up with what I put up with and how to figure out how to focus on my very own health, my very own mental health, my very own expectations and best of all, my own boundaries. Excellent read Very empowering Life changing! Notes used, highlighting done in various colours for the various emotions and people coming to mind as what came collectively and made feeling. I'm learning. Each day I'm paying attention to what I am considering, feeling, living ~ and understanding the child behind the woman whose actions can seem therefore lost. I really like this book. Go through this. But for now, I could read this one again and again. I'm pleased with that. Great go through! We are creatures of habit. If you find yourself in a weird dating pattern or watching somebody in a weird dating design, this is for you personally. I learned so very much from reading this reserve; about myself, men, ladies, addiction and life generally." when it comes to men, this is a publication that you need to most certainly read. Who knows. Every woman who has spent way too much time, .. Norwood wrote this book many years ago, nevertheless it's still highly relevant to today's females because women and men don't change all that fast. Every woman who has spent a significant amount of time, money, resources, stress, heartache, etc... on a man needs to read this reserve. It is life changing. Life altering. But I do know that after reading what Robin provides written in these webpages, I am now looking even more objectively at associations and learning to identify my own feelings and behaviors as healthful or unhealthy.. I've dated countless males and continue to hit lifeless ends when all I'd like is one healthy, long-lasting relationship. We thought some read my journals, chronicled my entire life. Frankly, I didn't think that I acquired any component in how these males acted or reacted. My heart burst into an incredible number of pieces. She uncovered me to myself. This Reserve literally changed my entire life.!

Women Who Love AN EXCESSIVE AMOUNT OF: When You Keep Wishing and Wishing He'll Change was available to me on Amazon for pennies. In case you are a female who has ever asked yourself "why?? This book is a wake up call to how destructive this considering is. I saw myself in a few of the characters and ironically, it was so dead on accurate that it pissed me off! We love the info on how to not "love an excessive amount of. I would recommend this book for just about any woman who usually feels as though she will come in last place and doesn't know why.... After years of trying to figure it out, thus giving a clear insight In these pages I've read the stories of several clients of the writer. I'll make sure my daughter reads this before she begins seriously dating in order that she avoids some of the knuckleheads out there. This Reserve Is a Woman's Wake-Up Call!!! Norwood opened my eye to areas of my relationship I had never even considered. Not for the faint of heart--but for the girl who wants to experience real change Great publication!! Provided me with a great begin to self examination in order

that I would make smarter options for myself.!? I under no circumstances considered love as being an addiction until scanning this publication (and watching Becoming Marry Jane). The book itself won't make the quality of your relationship improve or make anyone transformation if indeed they don't want to improve. Hearing personal accounts and guidelines to recovery made for a thorough book on the topic of co dependency. Should anyone ever believed that you only could save a relationship, then you really, should buy a duplicate of this reserve. I sit it best beside my Bible. great great book, very well written and gets right to it, women who love too much and become doormats for the ones they love. I was amazed by how great of condition the utilized book was in because it's not new.. This book gave me a completely new perspective. Most significant book I've ever read Do yourself a favour, ladies. If all self-help books had been this good, I'd probably be an avid reader. Please realise this publication is for a broader audience than simply battered wives and co-alcoholics. It is also for serial monogamists: women who are unintentionally attracted to busy, challenging, uncommitted guys who can't (or won't) provide her the like she craves. Find out the problem, face the problem, and recover yourself. God Bless. xox Gift No Great book! Great book!. What if every other melody on the air sings a tribute to your tortured edition of giving love? What if your culture tells you that sacrifice and discomfort are expressions of love? But what about when your addiction is normally a relationship? It methods the reader by providing heroes that the reader is likely to relate to. The writer treats women who want to much as individuals afflicted with a disease just as critical and sometimes life threatening as dependence on other substances. Nevertheless, this book hits on many topics I had by no means thought of and it hits on topics one might look at as irrelevant until acquiring time to consider why so when Norwood included specific information within the contents of this book. Only buy if u want to learn all of the personal stories- terrible! But I held reading because I had a need to start to see the truth about some of my choices." This publication annoyed me though bc it has WAAAAAYYYYYY way too many personal tales abt women who've adored an excessive amount of. To the author- no-one gives a crap abt reading abt ur sufferers. NO! The life application for switch and healing are useful and applicable. I KNEW this wasnt the book for me. Limited good details tho. I received the publication only six days after my order was complete. A must read This book helped me understand myself and my relationships so far better. I dont CARE abt those ladies. I extremely reccomend this book to anyone who loves just a little an excessive amount of. Each chapter, once completed, was begun again.! A fresh me for a fresh year. I now know how my activities - subconscious as they have been all along, stemming from childhood events - have contributed to harmful patterns in my own relationships.! Just what a gift. I would recommend this reading to anyone even if you're thinking about reading it. A wake up call Addictions to drugs, alcohol, gambling and other visible chemicals are debilitating but have got defined programs in place to help addicts recover..READ It all!
