A Book to End up being Cherished That is a beautifully illustrated National Geographic book which would work for your own use, or to give as something special to someone special. I was disappointed that the last reserve arrived with the cover torn and I don't want to give it to a friend this way. Reading through the lovely quotations and terms of wisdom for every day of the entire year, together with the exquisite picture taking on each page, makes it something to cherish. I recently bought this one to give to a wonderful friend for her milestone birthday. I start the day each morning . Five Stars great reserve. she sent me a "many thanks" and added that this book has taken her so much joy. That's 5 stars in and of itself!! Nice ways to reflect.
