From 1771 to his loss of life in 1790, Benjamin Franklin was along the way of writing what he known as his Memoirs. In the heart of the task, Franklin wrote of his "bold and arduous Task of arriving at Perfection" when he was a man. Today the complete unfinished manuscript is called The Autobiography of Benjamin Franklin, and is considered probably the most popular and influential examples of autobiography ever created. Portions of the unfinished work were released posthumously as Memoirs of the Personal Existence of Benjamin Franklin, first in French in 1791, and in English in 1793. He prepared a listing of thirteen virtues he wished to ideal in himself, and made a chart in which to keep an eye on his shortcomings. Franklin strayed from the virtuous route on many events, and uncovered perfection was an impossible thing to accomplish, but felt an improved man for the effort. Among Franklin's list of virtues were personal traits (frugality, moderation, tranquility) and social traits (sincerity, justice, humility). Applewood Books now presents Benjamin Franklin's Reserve of Virtues as Franklin intended it — a lovely little hardcover, complete with the list of thirteen virtues and a chart to monitor one's own progress.
