Great for children and fun for adults too. Can You Survive the Wilderness? Great summer reading! This is a great addition to our school library This is a great addition to your school library.It had been just as described and arrived rapidly.Thank You for your outstanding service. An exciting reserve for all ages! I bought several YOU SELECT and Interactive Background books for my 9 year old son. After studying the publication with different scenarios (are you really going to eat the white berries? Storms just don't show up, dark clouds generally give warning. More of a pamphlet than a book. Existence is definitely no different. She loves to make different alternatives within the books to start to see the various outcomes. Four Stars My grandson isn't a devoted reader but he really likes the "is it possible to survive" books. My youngest girl (age 10) is indeed into these books. Arrived in good condition. Interesting, believed provoking read. A good start! I am proud to say I survived! Informative, accurate, and very short on a serious subject. An excellent appetizer.) we browse the book again together with me making different alternatives. There are several other books in this series that we plan to purchase.
