Peels and Chemical Exfoliation, from Milady's Aesthetician Series, successfully exposes the reader to a broad understanding of the usage of specific peeling agents and how they react on the skin. These studies validate and underscore the medical information. Unique to the publication can be an expanded chapter focused on peeling brokers, indications for use and predictable outcomes. In this text message, the author addresses the advanced educational needs of aestheticians and nurses in such configurations as medical skincare facilities, time spas and vacation resort spas. Through particular case research, clinicians will improve their knowledge of the peeling process. Finally, policy and treatment guides present the clinician, doctor or facility how exactly to implement ideas and applications.

Amazing Resource This is one of the few Milady's supplemental books that's more than just repackaged textbook chapters.! Licensed Esthetician, Licensed Therapeutic massage Therapist, Accredited Spa Specialist and Holistic Aromatherapist it's excellent! Plenty of interesting things Just started reading, and my oh my, I believe I am more scared to accomplish a peel now than I was just before, but only makes one realize that it's not something you just slap about someone's face. From what I have read, it will be a great reserve for any newbie in esthetics to read. I AM AN AUTHORIZED AESTHETICIAN AND A College INSTRUCTOR. Easy to read, my school bought them too because it was so informational for esthetics work.REGARDS, SUSAN WILDER Grateful for this Advanced information Thank you, This book has met my requirements and answered issues that I feel will improve my skills since an authorized Esthetic Instructor. PEELS AND CHEMICAL EXFOLIATION We AM VERY IMPRESSED WITH THE MILADY'S AESTHETICIAN SERIES BOOK "PEELS AND Chemical substance EXFOLIATION". Great Read Great read Highly recommend this book Awesome book! Personally i think like I wasted my cash buying this reserve. IT COVERS EVERYTHING YOU NEED TO Find out AND HOW TO GO ABOUT OBTAINING THE PROPER TRAINING BEFORE TRYING TO PERFORM THESE PROCEDURES.THERE ARE TOO MANY PEOPLE OUT THERE Performing PEELS THAT DO NOT HAVE PROPER Understanding AND HANDS ON TRAINING TO MANAGE PEELS AND ARE NOT ONLY HURTING PEOPLE BUT DAMAGING THEIR SKIN AND CAUSING MORE PROBLEMS TO DEAL WITH.It all IS EXTREMELY VITAL THAT YOU HAVE THE CORRECT KNOWLEDGE AND IN-DEPTH, HANDS-ON EDUCATION BEFORE Carrying out THESE METHODS AND HOW FORTUNATE WE ARE THAT BOOK IS AVAILABLE FOR US. Awesome Great book! In the event that you only buy one supplemental book to the Milady's Standard Esthetics text message books, make it that one.! I give it 5 stars, it's excellent !That is an amazing resource, especially for newer estheticians, or estheticians who remain uncomfortable with kore advanced peels.! Good learning resource Great book for beginners I'll Pass on this Book! Five Stars it was precisely what i expected Five Stars Good info Five Stars Returned book it didn't offer any longer information then my text book from class. THE INFO IN THE BOOK Offers BEEN VERY ENLIGHTENING FOR Learners GRADUATING FROM SCHOOL WITH THEIR AESTHETICIAN Permit AND ALREADY LICENSED AESTHETICIANS LOOKING TOWARDS ADVANCED TRAINING. No more Milady's Books This book, for me is poorly written - appears as though more than one author wrote it - switches tones. So returning. Thanks
