EXPENSIVE book not made for kindle. I'D LIKE MY MONEY BACK!! This book isn't designed for kindle and is quite difficult to read. I have spend many hours trying to figure out how I could get my money back on this VERY EXPENSIVE book that's unreadable. The seller shipped quickly and the book found its way to excellent condition. book takes awhile to ship right here but in a great quality. I'D LIKE MY MONEY BACK!! I am incredibly unsatisfied. Not really necessary, but if you want to have matching books and are a neat freak I recommend you understand this workbook that accompanies your textbook. Great book to assist you become knowledgeable about nails, anatomy and diseases of nails. The only con was that the books webpages were currently falling out because of continuous reading. Exellent preperation for state boards I visited Nail Tech school years ago rather than renewed my license, I decided 10 years later to return and get it, this book was extremely thorough in preparing me! This book is a top quality purchase with glossy photos and expertly written information. It is complete, up-to-date and accurate on all of the latest nail developments and health requirements for the nail salon. It is an excellent supply for anyone interested in studying Nail Technology. The reserve appears as a little square in the center of the screen (it generally does not even cover the entire display screen) and you can't switch the font. We am apprenticing to become a nail technician. Calling every nail techs ! I am very satisfied with this purchase! Simple, clear and educational. Become familiar with so a lot of things from how nail techniques had been born from early civilizations to learning how exactly to do nails . This is a great book !. Helpful guide to nail technology That is a helpful book with regards to nail technicians trying to learn the basics of nail technology, the majority of what the book informs you of is precautions, rules, procedures, chemistry, anatomy of the body and nails. Great! In addition, it contains answers which will prepare you for your nail tech license, I'd say this was a well worth purchase, most nail tech courses require all students have this book, so before joining any beauty school you should curently have this book at hand. What every Nail Tech should own! Five Stars Needed this for classes - excellent book. I'm need careers Longtime season go the test super easy and now We don't know why I buy the book , when We go test i m still failed many period I have no idea why ,maby not enough cash for them My lender don't have money way too many check,I'm need careers Longtime year go the test super easy and now I don't know why ,they don't let people move the test,they let people failed 10 time I am very sad for people if they need jobs One Star Book won't read aloud simple yet informative Great foundation for nail techs to be. I was suggested by previous cosmetologist , this book won't let you down . Love the design and how they offer detailed pictures . Not necessary, but useful.. You need to enlarge it by stretching together with your two fingertips, then move the page side to side and up and right down to read. The book takes awhile to ship here however in a good quality.
