Exam Review for Milady Standard Cosmetology 2012 (Milady Standard
Cosmetology Exam Review)

[continue reading](#)

This is the primary student supplement to Milady Standard Cosmetology 2012. The solution key at the back of the book allows learners to check on accuracy and identify weak areas. The Exam Review contains chapter-by-chapter queries in multiple-choice formats to help students prepare for their state board examinations.

EXCELLENT Review! Great Practice Book! I recommend this publication to any cosmetology student. This is all you need!. What's the point of the book if I don't possess the answers ?. Not useful in comparison to practice quizzes I purchased the set for school but this test review was a waste. Excellent condition Five Stars Bought for a pal she it happy reserve was in great condition One Star Worst purchase I've built, pages are missing Five Stars It's new Three Stars Didn't possess the answers in the back. I'd not purchase this as part of the set unless it really is specified by the instructor.! I must say i enjoyed this item. Pretty good This book makes studying so much easier. I could review each chapter and prepare for my 1200 hour check along with my state board test in a breeze. That is a reserve of tests, and will not contain any reading material or practical exam assistance.. It had been nice to test myself on the chapters and review only what I got wrong before I required my big exams. I was in Beauty school 14 yrs ago and I let my license go. It really is a bit pricey, but if you are enrolled in school, you can compose it off on your own taxes. Maintain your receipt! It arrived quickly and in great condition. The queries are multiple choice which means you are continuously quizzing and for that reason gaining confidence. 4/5 stars due to the fact a few answers had been wrong. She loves it... Got the book everything seemed in good shape until I considered the back to obtain the answers and all of the answers were ripped out. I bought this book and passed w/ flying colours! My test is coming up and this just wasted a whole lot of my time. Gift This gift was to a friend to greatly help her study and become prepared to take the licensed exam. Great book Everything on test is in this book Got the book it all seemed in good condition until I considered the trunk to get . Helped me out therefore much I had a need to review and fast and this made it easy to prepare yourself with the chapter quizzes and well laid out lesson progression. Approved my practicals with flying colors Fast shipping. There are lab tests for each of the chapters in the matching Milady Textbook.. Personally i think like It wasn't very useful in comparison to other study guides and practice quizzes I acquired while in school. The pages were ripped out
