Great book for studying health education! As an advantage, the book isn't overweight to carry around either. There exists a large amount of useful information here in regard to health education. Using this book for one of my health classes. Interesting book that we had to read for class. So much info and great content. Easy to read, very helpful and entertains you with the images and quotes through the entire chapters. Five Stars Great book! Three Stars Snooze fest. So much information and great content material. Five Stars excellent Five Stars Perfect
