Balanced Rawness I very true and transparent look "behind the curtain" of the male mind. As stated in the book's launch, some things are significantly less than pleasant to learn (kinda like guys can't stand to know the facts of a woman's "period of the month")... I was giving because of god, the father for sending you a Man-tor in Rev Run. Mysteries revealed!..aaaaand what's just man ego and "MAN-ipulator" b.s. I think that if we, as women, switch our mindset and how we view &!!! Because just as you prepare to give up on men and walk away considering "they're all inherent jerks" based off Tyrese's "natural truth" (Lol), Rev. Run calls Ty on his b.s. This book is very true I simply left a 21 1/2 yr relationship and relationship. But they're not "ALWAYS" opposites either.. I was praying for you Tyrese! Therefore like I stated everything that's disguised in this reserve I find to become very true because I had resided and experienced them all with one man so I definitely think a lot of men are like this if indeed they all aren't. rolled in and backed Ty up, But nonetheless offered a different angle. This is a fantastic foundational book, in the event that you keep finding yourself striking a wall associated with your man. Definitely worth swallowing my satisfaction and simply listening...well, reading. Great Book I enjoyed the publication but I think they are too focused on what a woman can do for a man to help to make him feel good instead of what can a guy carry out to build himself up and look after his loves with no need for constant admiration. I was still acquiring deep breaths since it is hard to read about what men need and expect from a lady, but it was enlightening because so few actually tone of voice it out.!!When I began to read the reserve, I came across myself constantly taking deep breaths, especially during Tyrese's elements of the book..but they are what's real.! Worth the purchase Great insight to what sort of man thinks. I know at the end of the day Tyrese you are a man of faith and just like the rest of us, you aren't ideal.Half way through the book then I started to get more into it, and appreciated Tyrese's truth.! Therefore reading your truth at that time of the publication and what Rev Run had to say about it (that i often found myself agreeing more with than you) produced me experience better and better.The very best area of the book was the part about communication and what men really need from a woman, what men really think, and how men are feeling. Thank you Operate and Tyrese! That, my brothers in Christ, is what I appreciate the most concerning this book. Your candor is valued and I many thanks for sharing the truth no matter the price.And Rev, thanks for whatever you said to encourage solitary women of faith to look for a man of faith.! and offers the "other" perspective. Everything that book covers we went through.! I used to create all sort of excuses and make an effort to look the other way because I am a Christian and I loved him. Both of us grew up in a similar environment that Tyrese did as well, I'd inform myself that he ultimately would grow out of his childish ways and we would be ok. ENJOY!there were plenty of occasions when Rev. A straightforward read and frankly written publication that is wisdom for all.! For those ladies like me that are strong and independent this publication may ..BUY IT AND READ EVERY CHAPTER! I purchased this book thinking it was likely to help me understand me, instead We understood myself. It really is my sincere wish that males would read this publication as well because it may also provide them with more clarity into the mind of females. It helped me recognize some of my issues with dedication. Don't think non-e of it was bull and I actually took a couple of things from this book.!! WOW, THIS IS THE MOST FABULOUS Reserve TO INVEST IN, FOR ANY WOMAN WHOM TRULY REALLY WANTS TO KNOW THE EXACT "TRUTH" OF HOW Guys REALLY THINK, AND WHAT THEY DESIRE, BUT DON'T SHARE SO OPENLY WITH US WOMEN!!!! Love the love and respect Rev provides for his wife.! I GUARANTEE YOU Ladies WILL LEARN SOME VERY VALUABLE Details WE AS Females "ALL" HAVE TO KNOW!! IT WAS A PAGE TURNER Reserve FOR ME!!! Nonetheless it never completely stopped, and while somethings may have halted other activities would start.!!

Three Stars eh! I thank Tyrese and Rev Run for composing this book, it was nice to have noticed this from males, confirming that what I have experienced isn't correct but that it's happening. YOU GO GIRLZZZ, OF "ALL" AGES! I was taking into consideration stepping out from the church as well as your perspective helped me start to see the difference it makes to be with a guy of faith. At that time I was ready to give the book 3 celebrities, and that's because I always reward honesty, but I'd have given you 1 star since it was hard to read and way out there.!~~~~~

~~~~~ By far the very best relationship book I've ever browse, and I've go through many (ESSENTIAL READ) Let me start off by stating that Manology isn't for kids, not just kids by age, but the ones that are mentally & emotionally immature. Tyrese & Rev definitely kept it actual in this book. As a middle-age, successful, single african-american female, I can appreciate the realities that they shared in this book. I specifically appreciate the actual fact that the information that was shared came from two different perspectives, and two different generations. I think that what was shared in this publication many women know, but aren't in their "period" to simply accept it as their reality. Rev. cope with the men in our lives, the human relationships would be stronger and marriages would be able to stand. For those ladies like me that are strong and independent this publication may help you see some reasons for having yourself that you didn't find out you were doing. Thanks Ty & Rev for loving women enough to let us in your mind to ensure that we may possess a better understanding of what makes you all tick. Understanding IS POWER!!! As anyone who has usually struggled with relating to a person within the bounds of a significant relationship, it was good to read what's intuitive for me and also works. And while I'm not that aged, I'm only one day more than Tyrese, I have little hope any longer for real love. Entertaining and an excellent book! Five Stars great book Awesome Great Advice book, I would take some tips and use it with my dating life. Hopefully they will work and help me figure out the right man to marry. I enjoyed the total amount Rev Run earned, so I kept reading.!Great book "MANOLOGY" VALUABLE Reserve IS CRUCIAL READ Females! My boyfriend is usually reading it now. Five Stars Such an excellent read!! Again, I'm about the truth regardless of what. I'd actually give it a 4.!!5 if I could.! I emancipated myself and we were collectively since we were 15 and 16. Work and Tyrese are AWESOME stability to each other! Two Stars seems like a remake of Steve Harvey's book just boring Two Stars Didn't surface finish reading and given recent occasions with Tyrese and his opinions I've deleted it from my Kindle! YOUR Guy WILL Become HAPPY YOU GAINED THIS PRICELESS Details, ESPECIALLY IF YOU'RE Simply BEGINNING A RECENT NEW RELATIONSHIP!
