Hundreds of bearded males strutted their stuff at the World Beard and Moustache Championships in Anchorage, Alaska, and professional photographer Matthew Rainwaters was there to capture everything. Alongside the pictures are essays by many of the championship rivals, including Steven Ra\$pa and his beard Preposterous. Taken direct on, the photographs are stark and stunning the beards speak for themselves. An impressive showcase of chops, bristles, and whiskers, this reserve belongs on the shelf of any accurate facial hair connoisseur.
