Meh, not what I was longing for. I'll be applying some of these guidelines for sure! She has some weird costume makeup ideas in the back to do animal faces and so on. Fun, portable, simple to use. Clear easy to check out directions.. I < There wasn't much about brow grooming (which judging from the author having amazeball eyebrows there would be). I cherished her wit that shined through the composing, and her honesty about makeup and it's really purpose and that it should never mask natural splendor.. Lovely book and fun read I purchased this book at the recommendation of 1 of Anna's friends, and I arrived of reading it attempting to be Anna's new BFF (in the event she's reading and taking applications, hi). I really wish there had been pics of the models before the make-up was used so you could get yourself a sense of how much the makeup actually did for every girl. was more approximately creating different looks with different shades like green, purple I was longing for more style suggestions for everyday wear and it was more approximately creating different looks with different colours like green, purple, etc. Definitely a convenient manual to keep around for the more capable, and would make an excellent gift to a teen just starting to wreck havoc on cosmetics. it's an excellent book for minimalistic make-up and can use it for . This book would possibly be good for super beginners at using makeup like your 13 season old niece.. The Daily Encounter is beautifully presented!.. Doesn't invariably expect you in order to do basic things eyeliner before you begin (though my wings are still pretty sad.) I've basically loved every look I've done from it, and I've been holding it in my suitcase since I got it! It gives very clear and concise instruction on . She enjoys make-up and loves locating new ways to apply it, so this book was perfect! BEST BOOK! You must get this publication if yo .. But def choose youtube for tutorials and schooling. BEST BOOK! You need to get this book if yo hare interested in make up or in the event that you understand some on that is. User-friendly and beautiful pictures! Five Stars Easy to comprehend and insanely helpful. The Daily Encounter is beautifully presented! Perfect gift for high school and college girls I gave this reserve to my most effective friend because she asked from something fun however practical for Christmas... it's an excellent book for minimalistic make-up and can use it for tips for customizing my look. It gives apparent and concise instruction on a variety of looks from very natural, to evening constitute, and even fun costume applications. Not necessarily my thing, but they might be even more interesting for more advanced makeup artists. . I have bought several copies of the book to give as a gift! Three Stars It's ok however, not what I was hoping for. Good Advice!! Definitely had the right looks and suggestions in here. We really wanted to such as this but We was totally underwhelmed. It can be a helpful lead from teenage years to the mature female... Her advice on enhancing our features is well worth the price, and even as a make-up junkie I learned a lot. There have been some helpful suggestions about program and make-up choices, but I possibly could have easily have found the same info on youtube make-up tutorials or blogs. Easy-to-draw off looks shown with beautiful photos This book has made an enormous difference in my own beauty routine. What I love about Annamarie's styles is definitely that she encourages you to omit a few steps in a beauty routine (but never omit mascara). She displays how exactly to pull of several polished looks that want only an extremely minimal makeup package. She encourages you to keep the concealer and basis behind, but to try a red lip if you're comfy with it.. I really like that it contains all of the tools that one must achieve the required look. It's also a really beautifully designed reserve.all the different "looks" are kind of the same with different colored eyeshadow.3 Chronicle books.
