Easy to follow Bought for a 11 year old and she really enjoy's the book. Girl picks out a new hairstyle every day! If offering as a gift make sure you buy lots of bobby pins and little rubber bands to go along with it... Five Stars Great book, easy designs. Bought this for my 6-year-old daughter, along with a hairstyling doll head. She enjoys it, and learned how to make a normal braid on day one. Great easy reserve to use for braids Great book with fantastic picture guide to each design. Easy to read and learn This is an excellent book. Easy to read instructions with illustrations. Very happy This is a perfect book for a little girl who is interested in the world of hair.This is an excellent book for adults who are inexperienced with hair (like me) and children who are just learning. Awesome book! Bought this for my 6-year-old daughter, plus a ..borrowed this book from the library liked this therefore much We bought our very own copy Five Stars Great book. Book doesn't stay open up by itself I must say i liked the book hair styles but it doesn't open and lay flat! Plenty of possibilities befitting elementary aged young ladies. Gives pictures for most of hairstyles and designs are not too hard to check out. Got this for my daughter and she loves it! Hair styles are rated as easy to challenging, also telling which kind of hair will work best.. Very clear instructions. How is somebody likely to follow the step-by-step instructions if they can't keep carefully the book open while having hair within their hands. Poor style of the cover, otherwise it's an excellent find.
