Much more when compared to a beautiful recipe book! From lemon balm hummus to tarragon, orange and ginger exfoliating scrub, this book is truly a great celebration of herbs you can purchase at the shop or grow in your yard. I really like the organized way herbs are shown for make use of in recipes, for recovery qualities and for unique craft projects. The publication is created as a loving tribute to the co-authors' mothers who passed on their very own love of cooking, gardening and creating. Dishes are perfect --i.e. Rosemary Chicken Mac and Cheese--and the picture taking is gorgeous--every single web page! This is a beautiful book, with wonderful recipes and so much more. It would make the perfect gift! After going right through the book, I would like to expand my herb garden this year. Cannot wait to try all of them out! Can't wait to try all of the gorgeous recipes! The photography is definitely beautiful to look at, but that is not all it provides! The photography and food design of out of the world!! As a specialist photographer myself, not to mention food book collector, that one makes me drool!! What a positively remarkable book. design of the book are gorgeous. Jim Rude really understands his stuff and has prepared and shown each subject matter with love, care and ironclad knowledge of his elements. I cannot imagine any Chef, Cook, Foodie, Epicurean or even basic Food-Geek not benefiting from such a assortment of art. No less impressive is the book's pictures. loved it. - What THE MEALS!
