Curated pre-built devices are easy to assign or adapt with your personal material, such as for example video, animations, simulations, readings, quizzes, discussion organizations and more. While a streamlined interface helps students focus on what's thanks next, social commenting tools let them engage, make connections, and study from each other. Use LaunchPad alone or integrate it with your school's learning administration system so your course is always on a single page. Find what's in the LaunchPad
