Very good book! The tales shared of other females have become helpful and relateable. The authors share their expertise and learnings gained from years of working with executive women as they consider and transition successfully into fulfilling retirement. An excellent road map. Preparing for your Primetime Humorous and touching. This is a must read guidebook for just about any woman who is starting to consider the transition into retirement and what to do in her post-retirement years. Just what a practical and useful guidebook! Every woman requires this type of direction when getting into this scary and daunting time. Reads like a discussion with an expert, filled with insights, case studies, user friendly worksheets and checklists, with strategies, methods and pearls of wisdom every female will cherish! I'm getting very close to retirement, this reserve helped me to feel good in what I've been planning up to now but realized I've a lot however to do. PREPARING FOR YOUR PRIME TIME offers a street map for a female who is prepared to prepare for the trip from the traditional workforce into the next phase of her professional and personal lifestyle. A series of queries allows the reader to measure the possibilities, including a number of questions to help you see what cause or organization might interest you with a checklist of triggers to recognize a motivating trigger and potential opportunity that's not directly aligned with your past professional role. Great Resource What a great source for baby boomer females. If you are interested in Board service post-retirement, practical step by step help with getting on a Table is roofed. Even if you aren't ready to retire for five years, the authors outline a series of steps to take before you retire, including creating a network throughout your corporate days, to provide post-retirement connections. An essential guidebook to transition to fulfilling retirement! A straightforward, fun read, full of valuable tools and tips to prepare for the next phase of life. Don't miss the opportunity to learn from an expert! The Self-work/entrepreneurial questionnaire and scoring grid assesses your compatibility with entrepreneurial function (consulting, owning your very own business, investing in a franchise, getting involved in a "start-up" venture) and shows how your rating compares with several successful business owners. The exercises and the types of other females were really useful. I realized it is time to start preparation for my own retirement. Thank you.
