## Autism and the Seeds of Change: Achieving Full Participation in Life through the Davis Autism Approach

[continue reading](#)

An in-depth appearance at a revolutionary approach to empower people with autism, and offer the understanding and tools needed to achieve their full potential. This publication explores the annals of development of the Davis technique, explores its connections to emerging scientific study, and will take the reader on a guided trip through the three phases of this program: Individuation, Identity Advancement, and Social Integration. The Davis Autism Strategy is uniquely geared to the autistic perspective, and enables each person to make sense of their globe and the motivations and behaviors of others around them.

Great insight in autism As an autistic kid and being gifted with a very mechanic way of thinking Ron Davis understood which managed to get so difficult for him to emerge from autism himself. He analysed this and developed a lovely method of assisting an autistic person. What I love best about it is it isn't "retraining behavior" but it is founded on helping the person to evolve his feelings of self and offering him equipment /mental tools by using clay and learning him/her to comprehend the different ideas in life, we non-auti persons take for granted. Strongly suggested. steps to identity advancement; Five Stars This book has explained Autism so well to me. and the process of social integration. Learn how the autistic child thinks and what must be done so he or she can participate in life fully. It explains the Davis Autism Approach in a beautifully basic way, covering the different facets - individuation; The book may be confusing to read for those who don't know the principles from "the present of learning" nonetheless it will be clear once you understand these. The book on autism everyone has been looking forward to! It's finished with love and clarity. Five Stars Excellent Five Stars great product Understand how the autistic kid thinks and what needs to ... This is a must read for anyone who is supporting a person with autism. Among the authors can be autistic, so he knew the whole story. Rita Huckabee an easy helpful read As with the books on dyslexia it really is a very easy read and has been very useful. Another great book type Ron Davis Five Stars An excellent sensitive life changing book /programme One Star Not really helpful join the rest of us A very promising method for autists in order to bring their gifts into society, and to create even more understanding amongst non-autistic people
