ALCOHOLICS ANONYMOUS: The Tale of How Many Thousands of Women and men Have got Recovered from Alcoholism (generally known as The Big Book) is a 1939 simple text, describing how exactly to recover from alcoholism, compiled by the founders of Alcoholics Anonymous (AA), Bill W. Bob. & Dr. It's the originator of the seminal "twelve-step method" trusted to attempt to treat many addictions, from alcoholism and heroin dependence on marijuana addiction, as well as overeating, sex addiction, gambling addiction, and family members of alcoholics, with a strong spiritual and public emphasis. In 2011, Period magazine placed the book on its set of the 100 best and most influential books written in English since 1923, the start of the magazine. It really is one of the best-selling books of all time, having offered 30 million copies.

AA Big Publication opposition is ridiculous! First, I would like to thank counselorchick, Kevin Johnson, bankee and any others who have obvious resentments towards AA. Are you f\*\*\*\*\*g kidding me? It really is a fellowship of women and men who have the same desire to stay sober. Individuals who follow this program and commit to it eventually become content, joyous and free. Will give to a charity and buy the official book, Alcoholics Anonymous. Those who are cursed with this disease are NOT able to beverage in moderation. I am not saying that I totally believe in the complete philosophy but most of it provides merit. I think it really is opalling and disgraceful for anybody to blame AA for hurting more people than they've helped! It is an application developed in the 1930's and provides been the very best treatment for their members. After a few reads I understood it was time to confront my addiction issues . Look in the mirror for the guilty party. We remain there at every meeting, trying to help another sick and struggling person. I'm sure there are other programs that successfully help those with the condition of addiction. Beautufully used. It is also never AA's fault when somebody relapses. The negativity in these posts truly proves how restless, irritable and discontent you are. Your portrayal of the "program" is certainly flawed and inaccurate to state the least. I came across every story I browse was about me for some reason . The book thats the true back bone of addiction recovery. Since I do not need this allergy/disease, I didn't understand it. The first half of the reserve is how it operates in AA the second half is certainly all inspirational tales that truely do inspire you to live a better free of addiction life. I've been sober almost half a year. There were 100's of thousands of those who are now happy, joyous, free and living a lifestyle free of anger, depression, sadness and dread. There is only one person to be blamed for the behaviors we exubed. Becuse of the book I am right now free of my alcoholic beverages addiction and starting to piece my entire life back jointly ..e. Its stated you need to hit rock bottom level before you make the journey to recovery but maybe in the event that you read this publication you will find a method that you can prevent the horror of the rock bottom experience. Good luck to you may you discover the peace and serenity you therefore deserve in life give this book a go and you will look for a new life-style . It makes more sense if you ask me right now, and it offers helped me on my recovery journey. Cryptic "places" (see pic) won't help if you would like to utilize the "Big Book" for any serious function or study. Not merely did it deliver on her claim in spades, nonetheless it provided me with one hell of a perspective on everything she therefore many others have handled, and just how vital a group like Alcoholics Anonymous is usually. I really like reading things that provide me with that level of insight. For anybody out there struggling with addiction, even if you aren't ready to seek help, go through this book. Thank god for ... Frequently at first when I initial considered I would have an addiction problem I read the stories in the rear of the book . Thank god for AA and various other such programs. About this book- it explains everything. First half talks about how AA had become and last fifty percent shares inspirational tales of additional addicts and alcoholics who've worked the system and now lead sober lifestyles. Very useful and motivating. I actually've been sober almost half a year. You at least will understand you aren't alone. My sweet daddy suffered from alcoholism and died unrecovered I'm so grateful because of this book. My nice daddy experienced from alcoholism and passed away unrecovered. Growing up in that, I had a lot of resentment and unresolved pain. This book showed me that my father was sick, and it helped me observe that even though I do not beverage- I was effected by alcoholism. Simpley put this publication will save your existence and inspire you to find a path free from addiction . Tremendously insightful I'm no alcoholic, but a good friend of mine recommended that I read this to get a better understanding of "what she's about. I cannot recommend this plenty of! I

understand you get sound chapters on Amazon (I believe it is the 1st Edition). IMHO contemporary medicine will never be able to come close to this free of charge and ubiquitous prescription for dealing with ALL addictions (in MY lifetime at least). The web page numbers usually do not match so if you're serious about studying the Big Publication comparing with prior editions you'll be unhappy. Rating is for Kindle version-Don't obtain the Kindle version if you need to make reference to page numbers. Don't get the Kindle edition if you need to refer to page quantities." I'm truly glad I did. There are many free or online variations obtainable that are paginated. That seems weird to me. I love the 4th edition. Wondrous book Written a long time ago and still relevant for today's alcoholic. I felt the publication was telling my tale and many moments I was struck by the economy and perfection of the prose. i. This book may be the backbone to AA and 12 step programs it will save your life in case you are honest and willing. Meet my expectations Was what I wanted Beautifully used - perfect tradition Came fast. It's an excellent book to have.. Not the state AA version This is a disappointing purchase. Any time Personally i think weak or need a bit of motivation I open the reserve and read for some time. Essential information for the struggling alcoholics looking for recovery.. The only downside is that it gets the year printed on the side of the book. So far as the actual content goes, who am I to argue with the cornerstone manuscript for a fellowship which has which can help millions worldwide.. I think it is likely to make it look like the person is carrying around a calendar This small version implies that I could keep several copies in my own car and, if I'm dealing with a newcomer, I could give it to them immediately--no excuses not to read the book and begin performing the work! I believe it is likely to make it look like the person is transporting around a calendar, but what goes on in 2019? It's just kind of odd, but I am still really grateful an inexpensive paper version of the first 164 exists! Choose the actual official Big Book Buy the actual publication from AAWS. \$9.50 for the real thing directly from the publisher and keep carefully the investment property on the book within our self-supporting system. Special Edition which isn't stated here. Special Edition which is NOT stated here. I believe it is worth buying even though you can hear it for free. I was in a meeting and I was struggling to follow along reading in this copy because the webpages as in 1-4th editions usually do not match this "unique" edition.. I bought it to be a part of a phone 12-step study group and the pages are not the same as they are in the AA edition of the book. Helps it be nearly impossible to check out along. The program has evolved over time to what it is today. A wasted purchase! 'a eyesight for you. AA is not for everybody. So grateful. Good book. Good book. Came who is fit. Great book to have I had a hard copy and it had been stolen.' In my opinion this is very very much an motivated novel that speaks right to the alcoholic and will be offering a proven method of recovery and life seemingly beyond the reach of the active alcoholic. Good price Purchased for my girl good price
