great book, easy to following and do I gave this to my 13 year aged niece for Christmas and she got really excited. Her close friends came over the next day and even with all the high tech gifts and the other gifts, this is the one they wanted to look at and try on each other's hair. These were braiding and carrying out really nice hair styles on each other very quickly.. Very well written with great pictures and an easy task to following instructions. The best Braiding Book You Can Ever Need!! It really is structured logically, with clear instructions.. I have seen the author's function in person, and it is astounding what you can do with even shorter locks. I loved the multi-colored photos these were such great photos of the versions.) the headband cascade, and the circle form. The book is HUGE, yet not really a page is wasted. The good examples are exquisitely detailed and inspiring, although beginners can apply the guidelines to easier styles aswell. Her skill level, (up to 11 strand braids! they Create It? Imagine who founded my X-mas gift ahead of time. Create a exclusive hairstyle with very long hair on your own without paying some money to a salon! This book is beautifully finished with color plates showing each braiding technique in stages with clear instructions under each plate. This fully illustrated book on creating fabulous hair styles with braiding technique is impressive and practical. incredible! This book is an incredible compendium of all braids you can imagine and more. Great book! with only 10 fingers) is definitely nationally recognized. My 7 season old loves to sit and look at all the pictures and pick out what she wants finished with her hair. Tons of Photos! There exists a picture for every step with a conclusion. The photos are espresso table quality, interesting from just the artwork perspective. I thought "500 web pages" was a typo, but it really is the size of a Sears Catalog! The author obviously has great talent and a lot of experience! Great book of easy step by step photos to follow to make tons of different hair styles. The enclosed techniques make this manual a must for any hair professional, for ideas and inspiration and the expansion of their expertise. She sparks imagination among the reader by leaving little ideas for creativity and creativity. I really believe she has achieved this. K. Andreah Briarmoon One Star not worthy of the dime or time! GREAT BOOK This book was the very best hair braiding book that there is around. I learned therefore many new techniques, I visited cosmetology school and I NEVER SEEN THESE BRAIDS PREFORMED Prior to, these are original VERY UNIQUE BRAIDS.. I love how Raychel incorporates creativity into the book. I will say they were so easy to earn with the HOW EXACTLY TO instructions and the fantastic photos. If you like hair and like to braid, I recommend this book participate your collection. Some of my favorite designs will be the push-up flowers (they're very easy, and yet so awesome! This book can educate you on how exactly to dazzle up any hair for special events and proms. I am going to use some of the techniques at my salon for wedding ceremonies and when prom period comes around. I already did one braid in the salon for a trial

work for a wedding and the bride was so satisfied with this unique braid she asked me to do the whole bridal parties in braids.. I BELIEVE THIS WAS BY FAR THE BEST Cash I EVER SPENT, I'VE LEARNED SO MANY BRAIDING Methods! YOU GET WHAT YOU Pay out FOR AND YOU ALSO LEARN SO MUCH WITH THE Images AND THE HOW EXACTLY TO INSTRUCTIONS I AM SURE TO SHOW ALL MY COSMETOLOGIST FRIENDS THIS Reserve.Dutch, French, Taper, Lace, Stitch, Herringbone and more!! I have seen this publication and can't wait in order to buy it myself..... Teenagers! You can be so happy to have it! I RECOMMEND THIS BOOK!!! Mastery in the Old Art Form of Locks Braiding: Braider Creator Braiding The definitive manual on braiding: the alphabet of options to create unlimited styles. This book rocks !. Maybe could be titled "Braider Creator Hair Braiding" after the organizational concept created by the author and contained in the publication. The reserve starts with basic braids which are just twists therefore easy to do and so beautiful and developments to nine strands and merges and I would recommend this book for anyone out there who provides long hair or knows somebody with long hair.. It displays each braid in three various ways (braid, stitch, and lace), explains 12 different forms (tail, circle, headband, junction, etc. For those with long hair, this publication is amazing and can go far to supply those that venture into fresh braiding techniques a unique hairstyle no-one else has for unique occasions!!! I'VE ALSO PURCHASED A COUPLE BRAIDING BOOKS Prior to BUT NONE ARE LIKE THIS ONE..The other thing that impresses me is all the example photos. It includes a fundamental braid, accented, cascade and accented cascade. What's therefore cool about this is you can see how one kind of braid can be so different and how much you can perform by simply learning and becoming qualified at one braid. The author spent her period and made things therefore clear it felt like she was there teaching me.. Make everyday braids into WOW hairstyles. The amount of different designs is incredible and some quite elaborate.), and also shows how exactly to create accents. Your daughters will LOVE the book? I've heard that my young one meets her close friends every morning at the institution cafeteria and have fun braiding each other.. They love position out and WOW everybody all day! And because of Raychel's extremely easy to follow instructions with comprehensive 3D images and high res photos, they do not follow the style anymore; If you're looking for a braiding reserve which will last you all of your life, here it is!I bought this reserve for my daughter for Xmas and I'm sure we will love going through it and trying them away.. The step by step instructions are so simple to follow When I first found the amazing works Raychel has generated, I instantly wished I could figure out how to do those ideas. . Per her intro, her intention was to allow a person with the interest and vision to manage to self-taught mastery in this ancient talent. She walks you through step by step with two forms of illustrations, one being a picture of the locks itself and the other a more simplistic edition and better to see. She was able to write this

book for different types of learners for everyone to comprehend. She included terms and descriptions in the beginning along with items she uses for perfection. I will keep this publication to myself at the salon though so nobody knows where i got this phenomenal braiding talent. I will definitely be on my Xmas list this year!
