Or the occasional melody that falls from her lips: "My cat, it offers three corners. Pay attention to the nice, faltering sounds of a Pachelbel canon that Priscilla painstakingly plays on the old parlor organ, 1 slow note at a time. A. The setting is exclusive: twenty acres of forested property or home on Whidbey Island with two distinct houses, a 4,000 square foot store, caging areas for five cougars and two bobcats, and a raised bed garden surrounded by deer fencing. ." Smell the "light gray clay" she tromps in from dumping the kitty litter. John, software engineer, confirmed bachelor, and owner of exotic animals; Experience her surprise as she tastes picante sauce on her toast. Feel the 24-hour sting of Washington nettle that she tries to wash away with hot water. Three Corners Provides My Cat: Caregiving in Alzheimer's Time, a assortment of vignettes written from 2008 to 2013, presents a glimpse into daily life with Alzheimer's Disease. . The on-site characters are three members of the Lussmyer family members: Priscilla, former physical education instructor and proud graduate of Oberlin College (B. Three corners offers my cat ., 1948) and Northwestern University (M.A., 1952); View her zip down the wooded driveway with lots of brush in her golf cart. and Janis, college English instructor retired early to be in-house caregiver and chronicler of life in the woods.

Honest, poignant A genuine account and recording of the daily events, problems and blessings of caregiving. Janis writes from the heart with honesty and humor. engaging Celebration of Existence (with Alzheimer's) Care-giving has its difficulties. You may be touched by the love of a daughter for her aging mom, displayed through sacrificial program, tempered patience, and, eventually, the willingness to let go. This is a must-read!! That is a wonderfully written book, giving insight to the life span of a caregiver and that of someone you care about and putting into words the highs and lows that come with it. It was written with warmth, love, and humor and inspires me to become a better caregiver. I possibly could hardly put it down once I started. Yet, you will discover yourself smiling because the author shares bite-sized bits of existence with a dynamo mother coping with dementia. Thoughtful, funny, honest. Written with humor, touching honesty and the wisdom and clearness of one who provides walked the path. I came across it gorgeous and poetic as the writer struggled with her loss and mourned her mom. I would recommend this book. This should end up being on everyone's "must-browse" list, regardless of whether they're a caregiver or not. Three Corners Has My Cat A collection of vignettes that relate the daily slipping away of someone with Alzheimers. The writer documented the daily occasions of caring for her mom as she become baffled. I really believe that someone struggling with this disease will become comforted by the experiences of someone else who cared for someone you care about with this awful disease. You'll laugh and cry as she describes looking after an aging parent with Alzheimer's. Touching True Tale of Love and Care The author's voice is nearly perfect in this story of looking after a mother as she walks and stumbles down the grim road of Alzheimer's Disease. While we hear the daughter's pain and discomfort, it's the mother's personality and grit and, surprisingly, her power that remains with us at the conclusion of the story. Warm and honest In this book the author shares candidly about her adventures and difficulties as she navigates the uncertain trail of caregiving on her behalf mother. She writes truthfully and from the heart, inviting the reader into a glimpse of the daily realities of looking after a enjoyed one. Not only for caregivers, although they could especially benefit and relate.
