. This book may be the first complete primer on essential oils on Kindle. Easy to read and answers a lot of fundamental stuff. Interesting and helpful I've heard about essential natural oils for beauty purposes, but when I went to get them they were very costly. Not really a bad read but you can find a lot of the . Great reference materials. Not merely are they easy to make, a lot of them are also inexpensive. I've seek out book and I saw that one here and I considered to give it a try. The author also tells you exactly how to apply the oils and products. Overall, this is a book that you'll refer back to often to address a large number of medical issues. The natural oils also smell and feel good, and you also can't put a value on improving your health and standard of living through the use of natural recipes rather than commercial products that contain chemical substances and artificial additives. That is an excellent book for getting started or for recipes.. This book is a good guide for a beginner as it explains which each oil ought to be used for beauty care. In this book a lot of recipes are given! I am so astonished at the way we are able to use these oils that are derived from the plants God created! You discover quality recipes for Serums, Masks, Scrubs, Moisturizers etc. I am thankful for such a reserve as this. I highly recommend reading this book to anyone who is interested in alternative methods. I am looking to get aside from using harmful chemical compounds in my home and this book is a superb help for that. Strongly suggested. it is an excellent book! Then, the author explains the way the oils actually function and why they're superior and safer than store bought products and cosmetics. After that I've heard that you could make them at home. There are recipes for most different conditions and ailments: anti-aging, dry skin, facial cleansers, oily epidermis, moisturizer masks, dry hair shampoos, oily hair shampoos and many more. I'm so happy I did. Very good articles. Four Stars Good value for the money however, not enough on gas theory. That is truly useful and can keep you looking youthful! and affordable! Recipes for every kind of skin. With very great explanations. Thank you for the book. Plenty of useful recipes and information I loved this book. It has so many recipes that I don't know those to try first. It is also full of information regarding the carrier oils as well as essential oils. I can't wait to share a few of these quality recipes with my close friends and relatives. I will check out and cherish this book often. Multiple Healthy Quality recipes from healthy nutrients and plants This book is based on natural herbs that got comprised into 350 recipes such as healthy minerals, plants, herbs that Shen Nong Shi (first herbal doctor that helped China become an economic and social power) and begin all the way back to Biblical times.. The book contains numerous recipes that anybody can make.. Excellent Read I am relatively not used to the whole notion of using essential oils for beauty care. Not really a bad read but you can find most of the quality recipes online if you seek out them. Didn't sense like I discovered anything new. Five Stars Excellent resource for essential oils and for creating your own natural beauty treatments. Very great articles. Easy to browse and answers a lot . I didn't understand that there were so many uses for Necessary Oils!. Just what a great publication. First you learn about what essential natural oils are and how they are used since ancient situations. good information good information Lacking but well worth the little gained This had a few essential oil recipes that I tried and liked. Not a good deal of substance, but for the little bit I gained, it had been worth the read. Four Stars Loved it! It is amazing!! If you are looking for essential oils and want to get ready them, this is an excellent book. It really is amazing! ! Very good recipes easy to make . Recipes are great.
