It is very clear from the tone of his publication and his tales that he's the kind of a guy you truly want to know. Imagine if you could be taught the rules of success by someone with a customer list filled with a few of the world's most visible brands and superstars? Steve Sims is excellent at showing you to think outside the package to gain loyal clients and romantic relationships. Bluefishing is a lean, rollicking, all killer-no filler playbook on what it takes to make dreams come true. Great book! For somebody with connections like nobody's business, Steve is as approachable as any regular guy. I had the privilege of briefly assisting Steve Sims on a few small projects some years back again and it was one of those formative experiences that basically taught me the importance of delivering beyond anticipations as Steve does on a daily basis. What struck me most about Steve was his incredible humility despite having achieved so much in his existence. Brilliant! I'll always be grateful to him for offering me my first shot and getting the patience to teach me some much needed lessons running a business and life. In the event that you buy one reserve this season, make it that one. Having listen to Steve Sims on several podcasts and meeting him in person, he is the real thing. If you would like the password to building a truly exciting life with extraordinary people, this reserve will provide you with the code. Nevertheless, I came across Steve's book to be honest and simple- laid with examples that you can use or discard as they apply to you. It had been a nice way to hit the "reset button" along the way I look at things. I liked how it had been populated with his stories rather than a large amount of mandates and homework. An entertaining bloke who has found a method to give his experiences a wider impact- good work! Basically, Bluefishing enables the reader absorb his entertaining stories and then take from the publication the advice she or he wants (rather than absorbing a sermon). (Additionally it is an instant, breezy read- I zipped through it very quickly on my Amazon Fire) AMAZING BOOK! Brilliant!..) isn't just informative, this is a fun examine, from the person with out a speck of pretense. I will be encouraging my children, my group and anyone who truly wants to make factors happen, to learn this book and, read it again! Browse it, study it, pay attention to it, and live it. and today throw everything out the windowpane after reading this reserve. Highly recommended in every sense. This book gives great insight to how to overcome everything from individuals in your circle, the wall space and doors we set up on our own and the tools to take our limiting beliefs and toss them out the windows. Having read the book once up to now, I've already started using some of the tips he has throughout the entire book to improve the way I do my day to day interactions with people and businesses. A thoroughly enjoyable read Steve Sims' new publication (his first! Take everything you ever thought you knew about looking after the people you use. It requires you deep in to the mindset and process of someone who specializes in making the impossible happen. Bluefishing is a mindset hack to bring dreams to life What if you can learn the secrets to building multi-million dollar VIP relationships? I am reading this cover to cover and appearance forward to hearing much more about Steve's adventures in the times of year to come. Outstanding! Steve Sims is a modern-day time icon and in his very own ugly way presents probably the most powerful truths to having success in business and in existence.. Get this book immediately and move on to it!. No matter what your lot in existence or where across the journey you are, this book will inspire and incite you in the very best ways possible. Steve is funny and this book will keep your attention Blown away by the product quality and content of this book. I'm so grateful that Steve wrote this book because I have something that I can give it to people and say, "THIS is the key to your Achievement." Do what Steve teaches in this book and you may have explosive Success. Steve is funny which book will keep your attention. He gives genuine business and life suggestions in this book that will motivate you to start making issues happen. Buy this publication. In fact buy 5

copies and present them to individuals who you care about. Perhaps you are still in school pursuing any route, this book can help you achieve your dream.... His raw and honest appeal rocks you to your extremely core. A must read!. It's common sense, down to earth, practical and extremely useful information. Whether you certainly are a highly successful entrepreneur, small business owner, mid-level manager, or just the average Joe attempting to keep food up for grabs, this publication is for you personally. This reserve will be among those legendary books that people refer to for years to come.. That's it guy, I'm a Bluefisher.. Thank you Mr. Sims. Essential read in thinking beyond your box with regards to relationships and business! This book is someone to immerse yourself into! Imagine if you could literally conjure up the difficult?Matt Maddix Read this book, then read it again! Go through this in case you are stuck or frozen in existence or business!! In an environment of outsized egos, Steve was the real thing - a generous mentor with a tremendous amount of understanding to impart. If you want to discover ways to get actually anything done, go through this book. Love this book! "Steve and his team are passionate about building the impossible, possible... and they deliver" The person who created Bluefish, the internationally famous company which makes once in an eternity events happen for the rich and famous reveals to ordinary people his trade secrets to make things happen. Steve Sims's day job is to make the difficult possible. Along with his help and expertise, his clients' fantasies and wildest dreams become a reality. I've the hardback and discovered the cover itself unique. He seldom reveals how he accomplishes the feats that make his clients so happy. But now for the first time, Steve shares his practical tips, techniques, and ways of help readers break down any obstacle and convert their dreams into reality. Steve Sims is the man you call if you want the amazing done, its as simple as that should you have a speaker that has sent clients right down to the wreck of the Titanic, placed them on stage with their favorite rock group or shut Museums in Florence to put a table of 6 at the feet of Michelangelo's David and had Andrea Bocelli can be found in to Serenade them then you don't need me. Five Stars Good motivational and interesting listen Only read this book if you want to know the password..! .I really like how Steve inserts his very own story into the book in an open and vulnerable way -- not in a manipulative rags-to-riches style that so many "leaders" tend to do, but rather with an identifiable authenticity that is far too rare. This book is BRILLIANT!to success, to actions, even to establishing yourself clear of unhealthy social media expectations. I love everything about this book. Getting married by the Pope in the Vatican, being serenaded by Elton John, and connecting with effective business moguls like Elon Musk are just some of the many projects he has worked on. Steve's perspective is fresh, beyond your traditional norms of "how to's" and "advertising perform's and don'ts." The playbook by the end is a perfect refresher course.invest the the advice to center and use it. I know the password. :) Quick read Quick read. Provides sime comical parts, very refreshing and useful Great mix of story and lessons from a really inspiring .. This isn't some stuffy, corporate white collar personal help book! Bluefishing- a sensible way to "refresh" the perspective on your own life from a UK bloke who has done well I don't groove on self-help books as a general rule. Great mixture of story and lessons from a inspiring entrepreneur. Great stories and inspirational The lessons are inspirational and the stories are relatable. A good read if you want a pick up and relaxation.
