Great little book :) I have just started making my body butter and have started collecting books for references such as what essential natural oils are best for what products and exchanges in hard and soft butters, natural oils, etc. I love the fact the majority of the ingredients tend in your pantry- which makes them an easy task to make. That is a keeper and something I know I will go back to many times :) . Four Stars this book is well written and quite helpful Homemade Body Butters is an inexpensive guide to looking after your epidermis. It's filled up with fabulous recipes to rehydrate your skin layer and nourish it properly check out too. For how big is this reserve it's a power house of info, has guidelines and substitutions _ a little of everything and a good selection of recipes for beginners and beyond. It includes simple recipes and most of the elements are located in my pantry.! Five Stars Great reserve - can't wait to make some items. I have since given many of them to family and friends, they all like the products. I'll make it and give it as Christmas gifts this year. I'm into natural basic products now, what could possibly be more natural than making your very own with natural ingredients. Four Stars VERY INFORMATIVE! I'm not a enthusiast of coconut oil because of period it takes to absorb, I was wishing this book could have something different, It had been disappointing to find out every recipe uses coconut oil. I have not tried the recipes yet but the selection of recipes and substances in the recipes appear to be they should work well. Many of the recipes have a explanation the author's experiences creating and using these quality recipes. I really do wish all of the dishes had these comments. I really liked producing buff body butter. Great book on DIY body butters. I've always been interested in making my body butters which book is just ideal for it. The book is well-written and offers easy to make body butter quality recipes. Lovely body butters! It's easy and smells great as well! Great read and you also can't beat the purchase price! This book was just great!The book is well written and simple to follow. It's an excellent read and you can't beat the purchase price! Very Good Investment I used this book to create my body Butter. Can't wait to create some! The recipes appear fairly simple. Never tried this before but am definitely going to provide it a go. Thank you! Seems like that's everyone head to when there are so many .. I am new to body butter making, I've been searching for recipes online and books with quality recipes that use different natural oils other than coconut.. Great selection of body butter. Seems like that's everyone go to when there are a wide variety of oils out there. I'm better off experimenting by myself. Lol. Great recipe book. Great ideas and recipes I wish to make some of these for my winter itch!! Great reserve to increase your collection!! This arrived as a great surprise how easy it'll be to create these and great gifts to give as well!!! 'My New Golden Body Pampering Publication!
